

GOVERNOR WILL
DELAY SIGNING

Anti-Allen Land Bill Up to California Executive.

RETURNING TO WASHINGTON

Secretary of State Bryan is now en route from Sacramento to the National Capital, where he will confer with President Wilson—Opinion differs regarding effectiveness of the measure.

Sacramento, Cal., May 5.—The California anti-Allen land holding act which passed both houses of the legislature after bringing about one of the most unusual situations in the history of the nation, will lie on Governor Johnson's desk without his signature until Secretary Bryan can confer with President Wilson in Washington.

This will mean a delay of nearly a week, as Secretary Bryan will not reach the national capital until Wednesday night or Thursday morning.

Governor Johnson will wait, as he says, "a reasonable time" for whatever protests the government may make, after which he will sign the bill. He is required, by law, to sign or veto all acts passed up to him by the legislature within ten days of their final passage, provided the enacting body remains in session for that length of time, otherwise he has thirty days.

It appears that the legislature will not adjourn until May 15, or later, which would require the governor to act on or before Tuesday, May 13.

There is much speculation here as to the most probable step to be taken by the government against the measure. It is generally thought, however, that President Wilson will state his objections once more to Governor Johnson and then seek, through diplomacy, to answer the possible protests from Tokyo.

Opinion as to the effectiveness of the act in accomplishing its purpose, the elimination of the Japanese farmer, is divided. Until the final amendment was adopted, permitting aliens ineligible to citizenship to lease agricultural lands for three years, the measure was the most drastic of any that had been proposed. Now, however, it is asserted that it will accomplish little, inasmuch as it does not stipulate that the leases may not be renewed again and again.

Governor Johnson and the Progressives regard the measure as a necessary first step in accomplishing what they believe to be the desire of the people of the state.

APPRECIATION FOR WILSON

Japanese Press Commends His Efforts in California Legislation.

Tokio, May 5.—The Japanese press expressed a general appreciation of the efforts of President Wilson in behalf of a land bill in California that would be unobjectionable to the Japanese.

Leaders of public opinion in Japan are advising that an attitude of calmness be maintained in the present situation. Such men as Baron Shibusa-wa and Chairman Nakano of the Tokyo chamber of commerce publicly assert confidence that the American government and people alike are opposed to discriminatory measures of legislation. They declare that every effort must now be made to discover and eradicate the root of antagonism to the Japanese in California in order that amicable relations may be restored.

HOLDS NATION RESPONSIBLE

Position Taken by Japan According to Cablegram From Tokyo.

San Francisco, May 5.—A cablegram from Tokyo to the Japanese-American, a Japanese daily paper of this city, states that the Japanese government cabled instructions to Baron Chinda, Japanese ambassador at Washington, to make formal protest against the Allen bill enacted by the California legislature and now awaiting Governor Johnson's signature. The message adds that the position taken by the Japanese government is that the United States government is responsible for the finding of a satisfactory solution of the situation in California under its treaty obligations to Japan.

DEFEATS ALL AMENDMENTS

California Assembly Passes Anti-Allen Land Bill.

Sacramento, Cal., May 5.—The anti-Allen land bill drafted by Attorney General Webb at the direction of Governor Johnson and administration passed the assembly by an overwhelming majority. Numerous attempts to amend the bill were made. The vote was 72 to 3.

All of the proposed amendments were defeated, one after the other, and the roll was called on the Webb bill as passed by the senate and it was passed. The bill has gone to the governor.

POLICE HANDLE
CROWD ROUGHLY

Serious Rioting Barely Averted at London.

LABOR LEADER PACIFIES MOB

James Kier Hardie Presides at Free Speech Meeting in Trafalgar Square. Police, Socialists and Suffragettes Clash and Fighting Becomes General, Lasting for Almost Two Hours.

London, May 5.—Wild scenes of disorder occurred at the demonstration in Trafalgar square under the auspices of the free speech defense committee. The police tried to prevent speeches from the Whitehall side of the plinth of the Nelson column and only the intervention of James Kier Hardie, Socialist and independent labor member of the house of commons, who was chairman of the meeting, prevented a serious riot.

At it was the disorders, many times culminating in fist fights between the crowd and the police, continued for almost two hours.

By the time the marching Socialist, labor and other organizations, with bands playing the "Marseillaise," reached Trafalgar square, 20,000 persons had gathered there and as many more in the surrounding streets.

Permission to hold a meeting was given at the last moment, on the understanding that no suffragettes should be allowed to speak. Unable to procure permission to march as an organization the supporters of the Women's Social and Political Union marched with the dockers, their colors flying, preceded by a huge banner, inscribed: "Where There's a Will There's a Way." Flags of the Women's Social and Political Union were hoisted on the plinth, from which they waved continuously during the meeting.

Trouble began when a Socialist speaker began to address the crowd from the Whitehall side of the column, the promise having been given that no speaking should take place on this side because of the interference with traffic. A husky sergeant standing on the plinth hurried the speaker down on the heads of the crowd below.

Attempt to Replace Speaker.

The crowd then rushed the plinth and endeavored to replace the speaker. It looked for a time as if their efforts would prove successful, but mounted police ruthlessly rode down the rioters. James Kier Hardie then intervened and the Socialist speaker was allowed to regain his place.

In a moment a suffragette attempted to climb to the plinth. The police below tried to pull her back, but sympathizers on the platform succeeded in dragging her up after she had sacrificed some clothes left in the hands of the police. In retaliation a policeman snatched a suffragette banner from a girl who was waving it from the back of one of the Landsmeer lions. She struck the policeman in the face and her friends regained the banner, minus the staff.

This struggle angered the crowd and the disorder became so general that Commissioner Wells, commanding the mounted police, ordered the Whitehall side cleared.

The order was carried out so roughly by the horsemen that Commissioner Wells, noting the temper of the crowd, retired in favor of another commissioner. As he was leaving Wells was showered with eggs, oranges and other missiles.

Fights between the police and the people then became general, the chief results of which were battered faces and minor injuries on both sides. Many rioters were arrested, but the crowds succeeded in rescuing most of the prisoners.

Requested to do so by the police James Kier Hardie asked the crowd to disperse, which they reluctantly did.

WAVES UPSET SMALL SKIFF

Only One of Party Rescued in Tragedy on Ohio River.

Cincinnati, May 5.—Two women and a man were drowned in the Ohio river here and the fourth occupant of the skiff in which they were rowing had a narrow escape from the same fate.

The dead are: Mrs. Addie Hertzman, Mrs. Lillian Hysell and Thomas Sullivan, all of Newport, Ky., across the river from this city. George Fenton, also of Newport, was rescued.

The party had attempted to get out of the way of a passing excursion steamer and rowed close to a fleet of coal barges. The waves from the steamer upset their skiff and all were drawn underneath the barges. Fenton clung to the side of one of them until rescued.

Japan to Build Dreadnoughts.

Tokio, May 5.—Contracts have been placed for the construction in Japanese shipyards of three dreadnoughts. They will be sister ships to the Fuso, the displacement of which is 30,000 tons.

QUEEN OF GREECE.

New Princess Added to Royal Household.

Washington, May 5.—A new princess was added to the royal household of Greece. The Greek legation received a cablegram announcing the birth of a daughter to the queen.

GRAND DUKE KNOCKS
DOWN ASSAILANT

Anarchist Attacks German Nobleman With Knife.

Manneheim, Germany, May 5.—A workman armed with a knife attacked Grand Duke Friedrich of Baden as he was leaving the railroad station with his consort. The grand duke threw off his assassin and was not harmed.

The duke was about to drive to the races when the man jumped on the carriage steps and apparently tried to grasp the lapel of his coat, but the duke knocked him to the ground with the hilt of his sword and proceeded.

A crowd gathered and attacked the man, intending to lynch him, but police arrested him. He gave his name as Anton Jung and said he is an anarchist and had been commissioned by a secret society to attack the grand duke. He refused to divulge the name of the society.

Jung said that he meant to present a petition for help and intended to attack the duke only if the request was refused. The knife he carried was small.

RAIN CHECKS FOREST FIRES

Timber Loss in Michigan Is Said to Be Big.

Escanaba, Mich., May 5.—Rain checked the disastrous forest fires which for several days have been raging in almost every part of Delta county and in portions of adjoining counties. While only meager details have been received here the loss is said to be big.

The Beaver Timber company's entire holdings have been destroyed, according to reports received here. More than 150 car loads of posts and ties and thousands of feet of lumber piled on the landings for loading have been burned.

PANAMA CANAL
SLIDES EXPECTED

Engineers Who Dug Big Ditch Are Not Alarmed.

WATER MAY PREVENT THEM

Weight of the Liquid Is Expected to Partially Offset the Weight of the Mountains—Secretary Bryan and His Wireless Dinner to Foreign Diplomats—Senators and the Tariff.

By ARTHUR W. DUNN.

Washington, May 5.—[Special.]—Slides on the Panama canal do not give the engineers who have cut the big ditch any particular apprehension. They expect such slides will continue for some time after the water is turned in, but they also expect that the weight of the water in the canal will have the effect of stopping the slides to some extent.

At present the pressure from the mountain sides forces the earth upward in the cut. The engineers say that the weight of the water will have a tendency to offset that upward pressure. The anti-canal fellows, few in number, still say that the canal cannot be a success.

On the Host's Table.

Just why there should be any international row because the secretary of state does not furnish wine at his dinners to diplomats is rather strange. It is not "good form" to criticize what appears or does not appear on a host's table. The diplomats should be leaders in "good form." Our temperance people will applaud Mr. Bryan for not having wine. And for that matter why should he furnish it?

Of course "wine" is considered champagne, and it must be imported champagne or there would be just as much of a "kick" as on the no wine menu. That reminds me that a very rich and distinguished senator once desired to boost a product of his own state and served domestic champagne at one of his big entertainments. The gossips growled and criticized, and finally one of his fellow senators frankly told the host that his wine was "punk." The result was that soon a sparkling flow of foreign champagne replaced the domestic output.

Senators May Fight.

Democratic members of the house stated in caucus that features of the tariff bill would ruin certain industries in their districts and defeat them for re-election, but took their medicine. It looks as if the senators may be more outspoken and may go to the length of amending the bill if they can get the votes. Whether they will go to the extent of voting against it is doubtful. That will take a great deal of courage.

Party "Traitors."

Four years ago a great many publications in this country upheld the Republicans who refused to follow their leaders and vote for the Payne tariff bill. These men were lauded as patriots of the highest type. These same publications are now denouncing as "traitors" such Democrats as talk of deserting the party at this time and voting against the Underwood bill.

Of course the papers or publications referred to want a very low tariff. Probably any man who is a protectionist would be considered as bad as if not worse than a traitor. But the fact is the idea of tariff reduction is so popular in many places that Democrats hesitate long before voting against a tariff bill that makes such sweeping reductions.

Decorum in the House.

In making an earnest plea for decorum in the house Speaker Clark said, among other things, that some members thought that for others to put their feet on the backs of the seats was not decorous. So it must be stopped. And so the new members learn that they are "herded," "controlled" and otherwise subservient to the leaders. Pretty soon they will begin to believe that Jim Mann was right in claiming that the house is in the hands of a few men.

"Ins" and "Outs."

"I come from a section where there is but one party," said Congressman Aswell of Louisiana. "That party is divided into two factions, the 'ins' and the 'outs.' The stock in trade of the 'outs' is to create dissatisfaction with the 'ins.' It is an old game, but I did not expect to find peanut politics of that kind in the house of representatives."

Which shows that he is indeed a new member. There are few places where "peanut politics" are so often practiced as in the house of representatives.

What Was Expected.

"Colonel James Hamilton Lewis took the oath of office without a tremor," said a local paper, describing the swearing in of the new senator from Illinois. And those who know Lewis asked, "What did they expect?" Lewis is not in the habit of having tremors.

Talking to the Country.

Senator Ashurst was making a few remarks about Stock Exchange gambling, and the confusion in the senate showed plainly that he was not in favor. Another senator asked for order.

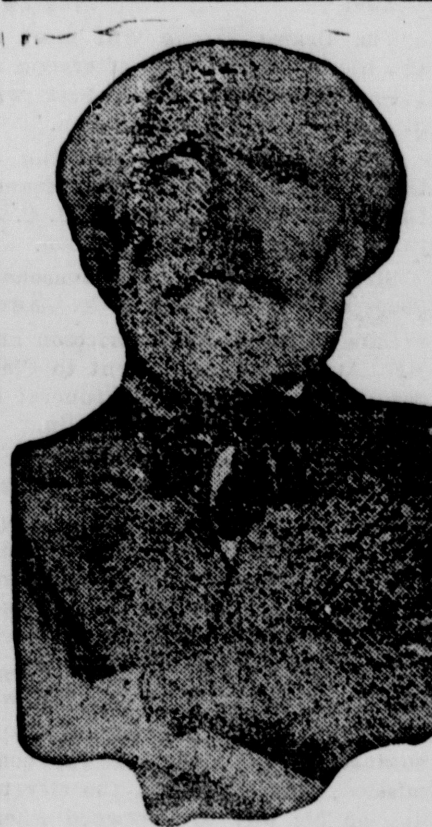

"I do not care whether any senator listens or not," said Ashurst. "I am talking to the people."

Prompt Agreement.

Hub (after five minutes of it)—Oh, only a fool would argue with a woman! Wife—Precisely.—Exchange.

JAMES KIER HARDIE.

Prevents Serious Riot at Meeting in London.

© 1912, by American Press Association.

HAITI ELECTS PRESIDENT

Serious Disorders Occur Before and After the Event.

Port au Prince, Haiti, May 5.—The Haitian congress elected Michel Oreste president of the republic to succeed General Tancrede Auguste, who died Friday night. Oreste was a senator.

Both before and after the election serious disorders occurred in which there was much rifle firing. Trouble began during the services at the funeral of General Auguste, which were held at the cathedral. Several fusillades were fired in different parts of the town and a panic ensued among the great assemblage in the church. Many women and children were trampled and seriously injured in the rush from the cathedral.

TURKISH SOLDIERS
LOOT AND BUTCHER

State of Anarchy Prevails in Southern Albania.

Rome, May 5.—News from Southern Albania is of the gravest import. Anarchy prevails, according to this information, in many sections and the soldiers of Essad Pasha and Djavid Pasha are looting and slaying. They are said to have formed into regular bands of brigands. The Albanian defenders of their homes, along with their women, have been ruthlessly cut down.

While the Turkish government at Constantinople has officially disavowed Essad Pasha it is known that special emissaries have been sent out by the porte with the object of having Essad recognized as emir of Albania.

A majority of the Albanians are said to be urging Italian intervention for the re-establishment of order. Italian preparations have been made to dispatch a large expedition, if that should be necessary.

TRAGEDY ON STREET CAR

Husband Is Slain by Friend of His Young Wife.

Chicago, May 5.—Harry La Count, a government inspector at the Panama canal, was shot and killed here by Joseph A. Williams, an art student. La Count believed that Williams had been too friendly with his wife. Williams asserted that he fired in self-defense.

Mrs. La Count is seventeen years old. La Count eloped with her to Joliet four months ago. He left his bride with her parents when he went to his duty at the canal. Williams, who is married, left his wife in Kansas City after a quarrel, it is said. He met Mrs. La Count at a public dance and they became friendly.

The men met on a street car and a blow from La Count's fist was followed by two shots from Williams' revolver.

ROWBOAT SPRINGS LEAK.

Boston, May 5.—When an overloaded rowboat sprang a leak in the Charles river and sank six of its youthful occupants, three girls and three boys, all of Cambridge, were drowned. Two other boys, the only ones in the party able to swim, were saved.

TWO GIVE LIVES FOR BOY

Policeman and Youth Rescue Lad From Live Wire.

Rock Island, Ill., May 5.—Policeman Cornelius Menan and William Kaiser, a fourteen-year-old boy, gave their lives here to rescue an unidentified lad who became entangled in a live trolley wire.

Menan and Kaiser were fatally shocked when they seized the youth to drag him to safety.

ITALY PREPARES
AN EXPEDITION

KOLEHMAINEN WINS RACE

Finnish Professional Runner Covers Fifteen Miles in Fast Time.

New York, May 5.—William Kolehmainen, the Finnish professional runner, easily outstripped eight other contestants in a fifteen-mile professional championship race at Celtic park, Long Island, in the teeth of a strong wind and on a track that was only fairly good. The winner's time, 1:20:14, was remarkably fast considering the restraining breeze and Kolehmainen under more favorable conditions undoubtedly would have bettered the world's record of 1:18:15 made by A. E. Wood over the same track last year. Wood, who was entered, failed to come from Montreal, feeling confident that Tom Longboat, on his showing in a recent time trial, would bring the prize back to Canada.

TO ORGANIZE STOCK YARDS

Union Addresses Made in Nineteen Languages in Chicago.

Chicago, May 5.—Union addresses in nineteen languages were made in an effort to organize the employees of the stock yards here into a labor union. One hundred and sixty of the 700 stock yards employees attended the meeting and signed applications to form a union.

"The purpose of unionizing the stock yards employees is not to call a strike," said John Fitzpatrick, president of the Chicago Federation of Labor. "We want to be able to appeal to the packers for better working conditions and the abolition of the blacklist."

DUCHESS IS WORSE.

London, May 5.—The condition of the Duchess of Connaught, wife of the governor general of Canada, is far from satisfactory. Since the second operation which she underwent recently for abdominal trouble, there has been little improvement.

Good Results Expected.

Chicago, May 5.—State's Attorney Hoyne declared that the conviction of Lawrence Lindbloom, taxicab chauffeur, sentenced to fourteen years' imprisonment for running down and killing Joseph Weiss, would have a wholesome effect on automobile speeders all over the country. Lindbloom's conviction for murder with an automobile is the first in Illinois.

Dr. Lyman Abbott Ousted.

St. Louis, May 5.—Dr. Lyman Abbott of New York was removed from the list of vice presidents of the American Peace society because he signed the appeal of the navy league for large naval appropriations.

Radium.

Only about one-third of a ton of radium is produced from a grain of ore.

Duluth Wheat and Flax.

Duluth, May 5.—Wheat—On track and to arrive, No. 1 hard, 91¢; No. 1 Northern, 90¢; No. 2 Northern, 88¢@88½¢; May, 89½¢; July, 91¢; Sept., 91½¢. Flax—On track and to arrive, \$1.30¢; May, \$1.29¢; July, \$1.32¢; Sept., \$1.34¢; Oct., \$1.23¢.

Chicago Grain and Provisions.

Chicago, May 5.—Wheat—May, 90½¢@91¢; July, 91¢@91½¢; Sept., 90½¢. Corn—May, 54¢@55¢; July, 55½¢; Sept., 56½¢. Oats—May, 35½¢; July, 34¢@34½¢; Sept., 34¢. Pork—May, \$19.30; July, \$19.42. Butter—Creameries, 25¢@25½¢. Eggs—17¢@19¢. Poultry—Chickens and springs, 16½¢.

Chicago Live Stock.

Chicago, May 5.—Cattle—Beefers, \$7.20@8.90; Texas steers, \$6.70@7.75; Western, \$6.90@8.10; stockers and feeders, \$6.00@8.10; cows and heifers, \$3.90@8.15; calves, \$6.50@9.50. Hogs—Light, \$8.35@8.60; mixed, \$8.20@8.60; heavy, \$7.95@8.50; rough, \$7.05@8.15; pigs, \$6.60@8.00. Sheep—Native, \$6.00@7.15; yearlings, \$6.50@8.00; lambs, \$6.00@8.75.

Minneapolis Grain.

Minneapolis, May 5.—Wheat—May, 87½¢; July, 90¢; Sept., 90½¢. Cash close on track, No. 1 hard, 91¢; No. 1 Northern, 89½¢@90½¢; to arrive, 89½¢@89½¢; No. 2 Northern, 87½¢@88½¢; No. 3 Northern, 85½¢@86½¢; No. 3 yellow corn, 55¢@56¢; No. 4 corn, 53¢@54¢; No. 3 white oats, 33¢@33½¢; to arrive, 32½¢; No. 3 oats, 29½¢@31½¢; barley, 42¢@58¢; flax, \$1.29¢; to arrive, \$1.29¢.

May Join Austria in Occupation of Albania.

CAUSES GREAT UNEASINESS

Russian Officials Are Anxious About the Effect Such Occupation Would Have on the Slav Population and Will Use the Utmost Pressure to Prevent Such Operations.

London, May 5.—The formalities in connection with the peace conference at London over the Balkan difficulty are being rapidly completed. Most of the delegates already have been appointed.

It is difficult to ascertain what is happening in Montenegro and Albania. A censorship seems to be imposed at Cetinje. Delayed dispatches, however, say a council of Montenegro generals decided upon the evacuation of Scutari. It is stated that the Montenegro ministry resigned on this account, although this has no official confirmation.

The occupation of Albania by Austria and Italy is becoming more and more probable each day. It is reported that the Italian minister of war has already ordered an expedition to be prepared. The prospect is regarded with the greatest uneasiness in Austria and Russia, owing to the possible effect on the Slav populations and Russia will use the utmost pressure to prevent such operations. Russia will also, according to a reliable statement published in Sofia, undertake the role of arbitrator between Serbia and Bulgaria.

RECENT EVENTS PERIL PEACE

French Premier Says Balkan War Has Destroyed Equilibrium.

Caen, France, May 5.—"Who can neglect the lesson of recent events? Who, in a Europe, where the risks of armed conflict have so far from disappeared that everywhere armaments are increasing, dare guarantee that peace is sheltered from all peril?" The French premier, Louis Barthou, asked these questions in his address at the closing session of the national congress of societies of ex-scholars of public schools. The premier outlined the possibilities in the situation caused by the Balkan war, which, he said, had destroyed the old equilibrium of Europe and raised new problems.

WILL DISPOSE OF TARIFF

House Expected to Pass Measure This Week.

Washington, May 5.—The Underwood tariff revision bill is expected to pass this week from its scene of rushed consideration in the house to be weighed in the steady balance of senate deliberation. It probably will be passed in the house not later than Wednesday night, just as it came from the ways and means committee, with free raw wool, free sugar in three years, its income tax, free meat, free flour and slashing reductions in live stock and manufactured articles.

When the Democratic majority thunders out its chorus of approval as the bill is put upon its passage in the house the measure will be just one month old and its champions predict that within two months more it will have the approval of the senate and soon thereafter be inscribed on the statute books over the signature of the Democratic president.

PRIEST TAKES UP SWORD

Will Lead Mexican Federal Troops Against Constitutionalists.

El Paso, Tex., May 5.—Father Felix Barranda, parish priest of Guerrero, Chihuahua, is to lead a group of federal troops in the campaign against the Constitutionalists of Northern Mexico. As Hidalgo, the Mexican priest-patriot of a century ago, this modern day militant minister will give up the spiritual battle for actual warfare.

"I am exchanging the cassock for the sword," he wrote General Antonio Rabago, military governor of Chihuahua state, in a "Having been marked for death by the revolutionists I offer my services, promising to raise a force of 200 men loyal to the government."

General Rabago accepted the offer, commissioning the priest to raise a volunteer corps.

German Editor Dead.

San Francisco, May 5.—Frederick Hess, Sr., owner and publisher of the California Demokrat, the pioneer German newspaper of the Pacific coast for the last fifteen years, died at his home in this city. Death followed several months of failing health and was due to heart disease.

Skinner Passes the Crisis.

Indianapolis, May 5.—Otis Skinner, the actor who was operated on for acute mastoiditis here last Thursday by Dr. Lafayette Page, passed the crisis and now is well on the way to recovery, according to the specialist. Dr. Page said his patient soon would rid his system of all poison from the abscess and that danger of infection had passed.

GOVERNOR WILL
DELAY SIGNING

Anti-Allen Land Bill Up to California Executive.

RETURNING TO WASHINGTON

Secretary of State Bryan is now en route from Sacramento to the National Capital, where he will confer with President Wilson—Opinion differs regarding effectiveness of the measure.

Sacramento, Cal., May 5.—The California anti-Allen land holding act which passed both houses of the legislature after bringing about one of the most unusual situations in the history of the nation, will lie on Governor Johnson's desk without his signature until Secretary Bryan can confer with President Wilson in Washington.

This will mean a delay of nearly a week, as Secretary Bryan will not reach the national capital until Wednesday night or Thursday morning.

Governor Johnson will wait, as he says, "a reasonable time" for whatever protests the government may make, after which he will sign the bill. He is required, by law, to sign or veto all acts passed up to him by the legislature within ten days of their final passage, provided the enacting body remains in session for that length of time, otherwise he has thirty days.

It appears that the legislature will not adjourn until May 15, or later, which would require the governor to act on or before Tuesday, May 13.

There is much speculation here as to the most probable step to be taken by the government against the measure. It is generally thought, however, that President Wilson will state his objections once more to Governor Johnson and then seek, through diplomacy, to answer the possible protests from Tokyo.

Opinion as to the effectiveness of the act in accomplishing its purpose, the elimination of the Japanese farmer, is divided. Until the final amendment was adopted, permitting aliens ineligible to citizenship to lease agricultural lands for three years, the measure was the most drastic of any that had been proposed. Now, however, it is asserted that it will accomplish little, inasmuch as it does not stipulate that the leases may not be renewed again and again.

Governor Johnson and the Progressives regard the measure as a necessary first step in accomplishing what they believe to be the desire of the people of the state.

APPRECIATION FOR WILSON

Japanese Press Commends His Efforts in California Legislation.

Tokio, May 5.—The Japanese press expressed a general appreciation of the efforts of President Wilson in behalf of a land bill in California that would be unobjectionable to the Japanese.

Leaders of public opinion in Japan are advising that an attitude of calmness be maintained in the present situation. Such men as Baron Shibusawa and Chairman Nakano of the Tokyo chamber of commerce publicly assert confidence that the American government and people alike are opposed to discriminatory measures of legislation. They declare that every effort must now be made to discover and eradicate the root of antagonism to the Japanese in California in order that amicable relations may be restored.

HOLDS NATION RESPONSIBLE

Position Taken by Japan According to Cablegram From Tokio.

San Francisco, May 5.—A cablegram from Tokio to the Japanese-American, a Japanese daily paper of this city, states that the Japanese government cabled instructions to Baron Chinda, Japanese ambassador at Washington, to make formal protest against the alien bill enacted by the California legislature and now awaiting Governor Johnson's signature. The message adds that the position taken by the Japanese government is that the United States government is responsible for the finding of a satisfactory solution of the situation in California under its treaty obligations to Japan.

DEFEATS ALL AMENDMENTS

California Assembly Passes Anti-Allen Land Bill.

Sacramento, Cal., May 5.—The anti-Allen land bill drafted by Attorney General Webb at the direction of Governor Johnson and administration passed the assembly by an overwhelming majority. Numerous attempts to amend the bill were made. The vote was 72 to 3.

All of the proposed amendments were defeated, one after the other, and the roll was called on the Webb bill as passed by the senate and it was passed. The bill has gone to the governor.

QUEEN OF GREECE.

New Princess Added to Royal Household.

Washington, May 5.—A new princess was added to the royal household of Greece. The Greek legation received a cablegram announcing the birth of a daughter to the queen.

GRAND DUKE KNOCKS
DOWN ASSAILANT

Anarchist Attacks German Nobleman With Knife.

Mannheim, Germany, May 5.—A workman armed with a knife attacked Grand Duke Friedrich of Baden as he was leaving the railroad station with his consort. The grand duke threw off his assassin and was not harmed.

The duke was about to drive to the races when the man jumped on the carriage steps and apparently tried to grasp the lapel of his coat, but the duke knocked him to the ground with the hilt of his sword and proceeded. A crowd gathered and attacked the man, intending to lynch him, but police arrested him. He gave his name as Anton Jung and said he is an anarchist and had been commissioned by a secret society to attack the grand duke. He refused to divulge the name of the society.

Jung said that he meant to present a petition for help and intended to attack the duke only if the request were refused. The knife he carried was small.

RAIN CHECKS FOREST FIRES

Timber Loss in Michigan Is Said to Be Big.

Escanaba, Mich., May 5.—Rain checked the disastrous forest fires which for several days have been raging in almost every part of Delta county and in portions of adjoining counties. While only meager details have been received here the loss is said to be big.

The Beaver Timber company's entire holdings have been destroyed, according to reports received here. More than 150 car loads of posts and ties and thousands of feet of lumber piled on the landings for loading have been burned.

PANAMA CANAL
SLIDES EXPECTED

Engineers Who Dug Big Ditch Are Not Alarmed.

WATER MAY PREVENT THEM

Weight of the Liquid Is Expected to Partially Offset the Weight of the Mountains—Secretary Bryan and His Wifeless Dinner to Foreign Diplomats—Senators and the Tariff.

By ARTHUR W. DUNN.

Washington, May 5.—[Special.]—Slides on the Panama canal do not give the engineers who have cut the big ditch any particular apprehension. They expect such slides will continue for some time after the water is turned in, but they also expect that the weight of the water in the canal will have the effect of stopping the slides to some extent.

At present the pressure from the mountain slides forces the earth upward in the cut. The engineers say that the weight of the water will have a tendency to offset that upward pressure. The anti-canal fellows, few in number, still say that the canal cannot be a success.

On the Host's Table.

Just why there should be any international row because the secretary of state does not furnish wine at his dinners to diplomats is rather strange. It is not "good form" to criticize what appears or does not appear on a host's table. The diplomats should be leaders in "good form." Our temperance people will applaud Mr. Bryan for not having wine. And for that matter why should he furnish it?

Of course "wine" is considered champagne, and it must be imported champagne or there would be just as much of a "kick" as on the no wine menu. That reminds me that a very rich and distinguished senator once desired to host a product of his own state and served domestic champagne at one of his big entertainments. The guests growled and criticized, and finally one of his fellow senators frankly told the host that his wine was "punk." The result was that soon a sparkling flow of foreign champagne replaced the domestic output.

Senators May Fight.

Democratic members of the house stated in caucus that features of the tariff bill would ruin certain industries in their districts and defeat them for re-election, but took their medicine. It looks as if the senators may be more outspoken and may go to the length of amending the bill if they can get the votes. Whether they will go to the extent of voting against it is doubtful. That will take a great deal of courage.

Party "Traitors."

Four years ago a great many publications in this country upheld the Republicans who refused to follow their leaders and vote for the Payne tariff bill. These men were lauded as patriots of the highest type. These same publications are now denouncing as "traitors" such Democrats as talk of deserting the party at this time and voting against the Underwood bill.

Of course the papers or publications referred to want a very low tariff. Probably any man who is a protectionist would be considered as bad as if not worse than a traitor. But the fact is the idea of tariff reduction is so popular in many places that Democrats hesitate long before voting against a tariff bill that makes such sweeping reductions.

Decorum in the House.

In making an earnest plea for decorum in the house Speaker Clark said, among other things, that some members thought that for others to put their feet on the backs of the seats was not decorous. So it must be stopped. And so the new members learn that they are "herded," "controlled" and otherwise subservient to the leaders. Pretty soon they will begin to believe that Jim Mann was right in claiming that the house is in the hands of a few men.

"Ins" and "Outs."
"I come from a section where there is but one party," said Congressman Aswell of Louisiana. "That party is divided into two factions, the 'ins' and the 'outs.' The stock in trade of the 'outs' is to create dissatisfaction with the 'ins.' It is an old game, but I did not expect to find peanut politics of that kind in the house of representatives."

Which shows that he is indeed a new member. There are few places where "peanut politics" are so often practiced as in the house of representatives.

What Was Expected.
"Colonel James Hamilton Lewis took the oath of office without a tremor," said a local paper, describing the swearing in of the new senator from Illinois. And those who know Lewis asked, "What did they expect?" Lewis is not in the habit of having tremors.

Talking to the Country.

Senator Ashurst was making a few remarks about Stock Exchange gambling, and the confusion in the senate showed plainly that he was not in favor. Another senator asked for order.

"I do not care whether any senator listens or not," said Ashurst. "I am talking to the people."

Prompt Agreement.

Hub (after five minutes of it)—Oh, only a fool would argue with a woman! Wife—Precisely.—Exchange.

HAITI ELECTS PRESIDENT

Serious Disorders Occur Before and After the Event.

Port au Prince, Haiti, May 5.—The Haitian congress elected Michel Oreste president of the republic to succeed General Tancrede Auguste, who died Friday night. Oreste was a senator.

Both before and after the election serious disorders occurred in which there was much rifle firing. Trouble began during the services at the funeral of General Auguste, which were held at the cathedral. Several fusillades were fired in different parts of the town and a panic ensued among the great assemblage in the church. Many women and children were trampled and seriously injured in the rush from the cathedral.

TURKISH SOLDIERS
LOOT AND BUTCHER

State of Anarchy Prevails in Southern Albania.

Rome, May 5.—News from Southern Albania is of the gravest import. Anarchy prevails, according to this information, in many sections and the soldiers of Essad Pasha and Djavid Pasha are looting and slaying. They are said to have formed into regular bands of brigands. The Albanian defenders of their homes, along with their women, have been ruthlessly cut down.

While the Turkish government at Constantinople has officially disavowed Essad Pasha it is known that special emissaries have been sent out by the porte with the object of having Essad recognized as emir of Albania.

A majority of the Albanians are said to be urging Italian intervention for the re-establishment of order. Italian preparations have been made to dispatch a large expedition, if that should be necessary.

TRAGEDY ON STREET CAR

Husband Is Slain by Friend of His Young Wife.

Chicago, May 5.—Harry La Count, a government inspector at the Panama canal, was shot and killed here by Joseph A. Williams, an art student. La Count believed that Williams had been too friendly with his wife. Williams asserted that he fired in self-defense.

Mrs. La Count is seventeen years old. La Count eloped with her to Joliet four months ago. He left his bride with her parents when he went to his duty at the canal. Williams, who is married, left his wife in Kansas City after a quarrel, it is said. He met Mrs. La Count at a public dance and they became friendly.

The men met on a street car and a blow from La Count's fist was followed by two shots from Williams' revolver.

+++++
+ ROWBOAT SPRINGS LEAK. +
+ Boston, May 5.—When an +
+ overloaded rowboat sprang a +
+ leak in the Charles river and +
+ sank six of its youthful occu- +
+ pants, three girls and three +
+ boys, all of Cambridge, were +
+ drowned. Two other boys, the +
+ only ones in the party +
+ able to swim, were saved. +

TWO GIVE LIVES FOR BOY

Policeman and Youth Rescue Lad From Live Wire.

Rock Island, Ill., May 5.—Policeman Cornelius Menan and William Kaiser, a fourteen-year-old boy, gave their lives here to rescue an unidentified lad who became entangled in a live trolley wire.

Menan and Kaiser were fatally shocked when they seized the youth to drag him to safety.

ITALY PREPARES
AN EXPEDITION

KOLEHMAINEN WINS RACE

Finnish Professional Runner Covers Fifteen Miles in Fast Time.

New York, May 5.—William Kolehmainen, the Finnish professional runner, easily outstripped eight other contestants in a fifteen-mile professional championship race at Celtic park, Long Island, in the teeth of a strong wind and on a track that was only fairly good. The winner's time, 1:20:14, was remarkably fast considering the restraining breeze and Kolehmainen under more favorable conditions undoubtedly would have bettered the world's record of 1:18:15 made by A. E. Wood over the same track last year. Wood, who was entered, failed to come on from Montreal, feeling confident that Tom Longboat, on his showing in a recent time trial, would bring the prize back to Canada.

TO ORGANIZE STOCK YARDS

Union Addresses Made in Nineteen Languages in Chicago.

Chicago, May 5.—Union addresses in nineteen languages were made in an effort to organize the employees of the stock yards here into a labor union. One hundred and sixty of the 700 stock yards employees attended the meeting and signed applications to form a union.

"The purpose of unionizing the stock yards employees is not to call a strike," said John Fitzpatrick, president of the Chicago Federation of Labor. "We want to be able to appeal to the packers for better working conditions and the abolition of the blacklist."

+++++
+ DUCHESS IS WORSE. +
+ London, May 5.—The condi- +
+ tion of the Duchess of Con- +
+ naught, wife of the governor +
+ general of Canada, is far from +
+ satisfactory. Since the second +
+ operation which she under- +
+ went recently for adenoma +
+ trouble, there has been little +
+ improvement. +
+ + + + +

Good Results Expected.

Chicago, May 5.—State's Attorney Hoyne declared that the conviction of Lawrence Lindbloom, taxicab chauffeur, sentenced to fourteen years' imprisonment for running down and killing Joseph Weiss, would have a wholesome effect on automobile speeders all over the country. Lindbloom's conviction for murder with an automobile is the first in Illinois.

Dr. Lyman Abbott Ousted.

St. Louis, May 5.—Dr. Lyman Abbott of New York was removed from the list of vice presidents of the American Peace society because he signed the appeal of the navy league for large naval appropriations.

Radium.

Only about one-third of a grain of radium is produced from a ton of ore.

GRAIN AND PROVISION PRICES

May Join Austria in Occupation of Albania.

CAUSES GREAT UNEASINESS

Russian Officials Are Anxious About the Effect Such Occupation Would Have on the Slav Population and Will Use the Utmost Pressure to Prevent Such Operations.

London, May 5.—The formalities in connection with the peace conference at London over the Balkan difficulty are being rapidly completed. Most of the delegates already have been appointed.

It is difficult to ascertain what is happening in Montenegro and Albania. A censorship seems to be imposed at Cetinje. Delayed dispatches, however, say a council of Montenegrin generals decided upon the evacuation of Scutari. It is stated that the Montenegrin ministry resigned on this account, although this has no official confirmation.

The occupation of Albania by Austria and Italy is becoming more and more probable each day. It is reported that the Italian minister of war has already ordered an expedition to be prepared. The prospect is regarded with the greatest uneasiness in Austria and Russia, owing to the possible effect on the Slav populations and Russia will use the utmost pressure to prevent such operations. Russia will also, according to a reliable statement published in Sofia, undertake the role of arbitrator between Serbia and Bulgaria.

RECENT EVENTS PERIL PEACE

French Premier Says Balkan War Has Destroyed Equilibrium.

Caen, France, May 5.—"Who can neglect the lesson of recent events? Who, in a Europe, where the risks of armed conflict have so far from disappeared that everywhere armaments are increasing, dare guarantee that peace is sheltered from all peril?" The French premier, Louis Barthou, asked these questions in his address at the closing session of the national congress of societies of ex-scholars of public schools. The premier outlined the possibilities in the situation caused by the Balkan war, which, he said, had destroyed the old equilibrium of Europe and raised new problems.

WILL DISPOSE OF TARIFF

House Expected to Pass Measure This Week.

Washington, May 5.—The Underwood tariff revision bill is expected to pass this week from its scene of rushed consideration in the house to be weighed in the steady balance of senate deliberation. It probably will be passed in the house not later than Wednesday night, just as it came from the ways and means committee, with free raw wool, free sugar, free flour and slashing reductions in live stock and manufactured articles. When the Democratic majority thunders out its chorus of approval as the bill is put upon its passage in the house the measure will be just one month old and its champions predict that within two months more it will have the approval of the senate and soon thereafter be inscribed on the statute books over the signature of the Democratic president.

PRIEST TAKES UP SWORD

Will Lead Mexican Federal Troops Against Constitutionalists.

El Paso, Tex., May 5.—Father Felix Barranda, parish priest of Guerrero, Chihuahua, is to lead a group of federal troops in the campaign against the Constitutionalists of Northern Mexico. As Hidalgo, the Mexican priest-patriot of a century ago, this modern day militant minister will give up the spiritual battle for actual warfare.

"I am exchanging the cassock for the sword," he wrote General Antonio Rabago, military governor of Chihuahua state. "Having been marked for death by the revolutionists I offer my services, promising to raise a force of 200 men loyal to the government." General Rabago accepted the offer, commissioning the priest to raise a volunteer corps.

German Editor Dead.

San Francisco, May 5.—Frederick Hess, Sr., owner and publisher of the California Democrat, the pioneer German newspaper of the Pacific coast for the last fifteen years, died at his home in this city. Death followed several months of failing health and was due to heart disease.

Skinner Passes the Crisis.

Indianapolis, May 5.—Otis Skinner, the actor who was operated on for acute mastoiditis here last Thursday by Dr. Lafayette Page, passed the crisis and now is well on the way to recovery, according to the specialist. Dr. Page said his patient soon would rid his system of all poison from the abscess and that danger of infection had passed.

Get a 25c safety razor at D. M. Clark's. Guaranteed to be as good as any dollar razor on the market.—Adv. 2861f

A county school teachers meeting will be held in Brainerd on Friday afternoon and evening of May 9 and Saturday morning, May 10. Superintendent Denfeld of Duluth will give an evening address at the high school auditorium. Mr. Howard of the state department and different teachers will discuss matters of interest in the school work. All are welcome to these meetings.

The alternative writ of mandamus directed against City Clerk V. N. Roderick ordering him to pay the warrant issued for the purchase of the city hall site on the corner of South Fifth and Laurel streets, or show cause why it was not done, came before Judge W. S. McClenahan in district court chambers Saturday afternoon at three o'clock. After short arguments by City Attorney M. E. Ryan, representing the city clerk, and Attorneys George H. Gardner and F. E. Ebner, the matter was continued to Tuesday morning at ten o'clock. Mr. Ryan contended that the case should now be regarded as a claim against the city and the only way to recover the money was by suing the city.

Mureco Sanitary Wall finish is sold only by D. M. Clark & Co.—Adv. 241f

Beware of Ointments for Catarrh that contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and is made in Toledo, O., by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle.

Take Hall's Family Pills for constipation.

Adv.

NOTES OF THE GAME

"Frosty" Thomas is a former Brainerd boy. The Cuyuna pitcher runs a barber shop in the range town and was recently elected village treasurer.

P. L. Russell, second baseman, is the owner of the pool room in Cuyuna.

Henry Grew, third baseman, is a mechanic at the Kennedy mine of the Rogers, Brown Ore Co. at Cuyuna.

Charles Wotring, right fielder, is the Kennedy mine clerk. He has a wide acquaintance among the miners and other north range residents.

John Alola is a miner and put in a hard day back of the bat.

Ed. Hendrickson is a clerk. Gust Anderson, first baseman, is the village clerk.

Don Tipton is a blacksmith, but was unable to hammer out many hits.

Frank Buchanan, manager of the team, is the postmaster of Cuyuna. He was on the ground at Cuyuna running a boarding house and later a hotel before the town was platted and so may be considered a simon pure pioneer.

A. Levant is a merchant of the village and also the fire chief. "If that hill with all those people on it only slanted the other way," said Abe, "maybe we could sell more admission tickets."

John Mahlum, the Deerwood manager of the Mahlum Lumber company yard, was an interested observer of the game. He kept track of the score until his pencil wore out.

In the eight inning Manager Buchanan said, "Gee! If I only had a suit I'd get out and see what I could do."

Abe Levant: "Well, Brainerd is getting a lot of good batting practice anyway."

Ed. Peterson walked six miles from his drill in the country to see the game. Ed. said he would walk any distance to see Cuyuna win, but he got left on this occasion.

Ironton and Crosby had autos of fans present who were busy getting a line on Brainerd's style of play.

V. Sugrue, president of the Cuyuna Commercial club, was an interested onlooker. Mr. Sugrue is with the Cuyuna Mercantile company.

R. B. Robinson, manager of the Cuyuna branch of the Dower Lumber company, took in the game.

ELECT OFFICERS

The Park Opera House Association Holds Its Annual Meeting — This Morning

The Park Opera House association held its annual meeting at ten o'clock this morning and the stockholders elected the following directors, R. R. Wise, Con O'Brien, H. P. Dunn, F. A. Farrar and George D. LaBar. The officers elected were:

President—R. R. Wise.
Vice President—Con O'Brien.
Secretary—George D. LaBar.
Treasurer—H. P. Dunn.

Hindipo Tablets

A remedy for all kidney and bladder ailments, nervous debility, that tired restless feeling from over work. Sold in 50c boxes at Johnson's pharmacy.—Adv. 273

At The Empress

The pictures at the Empress theater include "The Sheriff's Son," a western photo play full of exciting and interesting situations. "The Sacrifice" is a modern drama by the Kalem company.

"His Honor, the Mayor," shows John Bunny at his best. Bunny is against women's suffrage, but he eventually surrenders to his wife's aunt and the whole town board follows suit and goes over to the ranks of the suffragettes.

Arthur White sings, "I Know that You are Somewhere, Loving Me."

Pains in the Stomach

If you continually complain of pains in the stomach, your liver or your kidneys are out of order. Neglect may lead to dropsy, kidney trouble, diabetes or Bright's disease. Thousands recommend Electric Bitters as the very best stomach and kidney medicine made. H. T. Alston, of Raleigh, N. C., who suffered with pain in the stomach and back, writes: "My kidneys were deranged and my liver did not work right. I suffered much, but Electric Bitters was recommended and I improved from the first dose. I now feel like a new man." It will improve you, too. Only 50c and \$1.00. Recommended by H. P. Dunn.—Adv. 11a

Had Enough.

The reformed burglar, upon his release from jail, was inclined to be a bit facetious. "Simply state," he remarked to a reporter who chanced to be in the vicinity, "that under no circumstances will I be a candidate for another term." Proving that burglars, as well as comedy actors, have a sense of humor.—Judge.

He Was Mentioned.

"Did your rich uncle mention you in his will?"
"Yes."
"Lucky dog!"
"Not at all. He specifically mentioned the fact that I was not to be given a dollar of his money."—Detroit Free Press.

Had It Hidden.

The man was looking at houses.
"Where's the lawn?"
"Here it is," said the agent. "The man next door had his doorman over it."—Louisville Courier-Journal.

14 VETERANS LISTED

Jerry Glunt Gives Dispatch List of Those Eligible to Make the Gettysburg Trip

Jerry Glunt, yardmaster of the Northern Pacific railway at this point, has given the Dispatch the list of fourteen veterans of the Civil war, living at Brainerd, Deerwood and Duluth who are eligible to attend the Gettysburg reunion at the expense of the state. Capt. T. H. Presnell, from whom he secured the memoranda, says there may be others eligible and Mr. Glunt and Mr. Presnell are both anxious to hear from them. This list to date includes:

Jeremiah Glunt, Battery E, Pennsylvania light artillery, Brainerd.

David Archibald, Company L, First Minnesota, Bay Lake.

Newton H. Paine, Company H, One Hundred Eleventh New York Infantry, Brainerd.

Charles H. Safford, Company F, Fifth Michigan cavalry, Duluth.

Harrison Lyons, Company A, First Minnesota, Gettysburg, and wounded July 2, Verdale.

Charles E. Harris, Company I, Seventh Wisconsin infantry, detached to Battery B, Fourth United States artillery at Gettysburg, 1723 East Fifth street, Duluth.

Otis H. Dyer, Seventeenth Maine infantry, Barnum, Carlton county.

Charles E. Holt, Company C, Sixth Ohio cavalry, 609 West Third street, Duluth.

Franklin Paine, Company L, First Minnesota infantry, 5349 London road, Duluth.

George H. Dufree, Company K, First Minnesota infantry, Grand Marais.

William P. Strickland, Company K, One Hundred Twenty-first New York infantry, 21 Carlisle avenue, Duluth.

Charles H. Graves, captain Thirty-fourth infantry, U. S. A., and brevet Lieutenant-colonel, U. S. A. Was on Gen. Graham's staff at Gettysburg. Address U. S. Ambassador, Stockholm, Sweden. Col. Graves writes that he wants his name on the list and hopes to be here to go. He is anxiously awaiting the appointment of his successor.

S. A. Clark, Company F, Fourth Massachusetts cavalry, 1407 East Third street, Duluth.

T. H. Pressnell, Company C, First Minnesota, Duluth.

Drive Sick Headaches Away

Sick headaches, sour gassy stomach, indigestion, biliousness disappear quickly after you take Dr. King's New Life Pills. They purify the blood and put new life and vigor in the system. Try them and you will be well satisfied. Every pill helps; every box guaranteed. Price 25c. Recommended by H. P. Dunn.—Adv. 11a

WHITTIER SCHOOL PROGRAM

TO CURE A COLD IN ONE DAY

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVES' signature is on each box. 25c.

The Leak Will Be There!

In the fish docks at Aberdeen three steam trawlers, named respectively Rose, Shamrock and Thistle, happened to be berthed together. "What a pity that Wales is not represented!" remarked a visitor, who noticed the extraordinary coincidence. "That would have completed the group." "Oh," said his companion, "I dare say there's a 'leak' in one of 'em'!"—London Globe.

Coughs and Consumption

Coughs and colds, when neglected always lead to serious trouble of the lungs. The wisest thing to do when you have a cold that troubles you is to get a bottle of Dr. King's New Discovery. You will get relief from the first dose, and finally the cough will disappear. O. H. Brown, of Muscadine, Ala., writes: "My wife was down in bed with an obstinate cough, and I honestly believe had it not been for Dr. King's New Discovery, she would not be living today." Known for forty-three years as the best remedy for coughs and colds. Price 50c and \$1.00. Recommended by H. P. Dunn.—Adv. 11a

Fifty of the sophomore class of the Brainerd high school enjoyed a picnic at Gilbert lake on Saturday afternoon, making the journey to the lake by taking the afternoon M. & I. train. The chaperones were the teachers, Miss Millicent Mahlum and Miss Elliot. The afternoon was spent in dancing, boat riding and other amusements and at the close a fine luncheon was served.

Get a 25c safety razor at D. M. Clark's. Guaranteed to be as good as any dollar razor on the market. Advt. 2661f

A county school teachers meeting will be held in Brainerd on Friday afternoon and evening of May 9 and Saturday morning, May 10. Superintendent Denfeld of Duluth will give an evening address at the high school auditorium. Mr. Howard of the state department and different teachers will discuss matters of interest in the school work. All are welcome to these meetings.

The alternative writ of mandamus directed against City Clerk V. N. Roderick ordering him to pay the warrant issued for the purchase of the city hall site on the corner of South Fifth and Laurel streets, or show cause why it was not done, came before Judge W. S. McClenahan in district court chambers Saturday afternoon at three o'clock. After short arguments by City Attorney M. E. Ryan, representing the city clerk, and Attorneys George H. Gardner and F. E. Ebner, the matter was continued to Tuesday morning at ten o'clock. Mr. Ryan contended that the case should now be regarded as a claim against the city and the only way to recover the money was by suing the city.

Mureoco Sanitary Wall finish is sold only by D. M. Clark & Co. Advt. 2491f

Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and is made in Toledo, O., by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle.

Take Hall's Family Pills for constipation. Advt.

NOTES OF THE GAME

"Frosty" Thomas is a former Brainerd boy. The Cuyuna pitcher runs a barber shop in the range town and was recently elected village treasurer.

F. L. Russell, second baseman, is the owner of the pool room in Cuyuna.

Henry Grew, third baseman, is a mechanic at the Kennedy mine of the Rogers, Brown Ore Co. at Cuyuna.

Charles Wotring, right fielder, is the Kennedy mine clerk. He has a wide acquaintance among the miners and other north range residents.

John Aloia is a miner and put in a hard day back of the bat.

Ed. Hendrickson is a clerk.

Gust Anderson, first baseman, is the village clerk.

Don Tipton is a blacksmith, but was unable to hammer out many hits.

Frank Buchanan, manager of the team, is the postmaster of Cuyuna. He was on the ground at Cuyuna running a boarding house and later a hotel before the town was platted and so may be considered a simon pure pioneer.

A. Levant is a merchant of the village and also the fire chief. "If that hill with all those people on it only slanted the other way," said Abe, "maybe we could sell more admission tickets."

John Mahlum, the Deerwood manager of the Mahlum Lumber company yard, was an interested observer of the game. He kept track of the score until his pencil wore out.

In the eight inning Manager Buchanan said, "Gee! If I only had a suit I'd get out and see what I could do."

Abe Levant: "Well, Brainerd is getting a lot of good batting practice anyway."

Ed. Peterson walked six miles from his drill in the country to see the game. Ed. said he would walk any distance to see Cuyuna win, but he got left on this occasion.

Ironton and Crosby had autos of fans present who were busy getting a line on Brainerd's style of play.

V. Sugrue, president of the Cuyuna Commercial club, was an interested onlooker. Mr. Sugrue is with the Cuyuna Mercantile company.

R. B. Robinson, manager of the Cuyuna branch of the Dower Lumber company, took in the game.

ELECT OFFICERS

The Park Opera House Association Holds Its Annual Meeting - This Morning

The Park Opera House association held its annual meeting at ten o'clock this morning and the stockholders elected the following directors, R. R. Wise, Con O'Brien, H. P. Dunn, F. A. Farrar and George D. LaBar. The officers elected were:

President—R. R. Wise.
Vice President—Con O'Brien.
Secretary—George D. LaBar.
Treasurer—H. P. Dunn.

Hindipo Tablets

A remedy for all kidney and bladder ailments, nervous debility, that tired restless feeling from over work. Sold in 50c boxes at Johnson's pharmacy. Advt. 273

At The Empress

The pictures at the Empress theater include "The Sheriff's Son," a western photo play full of exciting and interesting situations. "The Sacrifice" is a modern drama by the Kalem company.

"His Honor, the Mayor," shows John Bunny at his best. Bunny is against women's suffrage, but he eventually surrenders to his wife's aunt and the whole town board follows suit and goes over to the ranks of the suffragettes.

Arthur White sings, "I Know that You are Somewhere, Loving Me."

Pains in the Stomach

If you continually complain of pains in the stomach, your liver or your kidneys are out of order. Neglect may lead to dropsy, kidney trouble, diabetes or Bright's disease. Thousands recommend Electric Bitters as the very best stomach and kidney medicine made. H. T. Alston, of Raleigh, N. C., who suffered with pain in the stomach and back, writes: "My kidneys were deranged and my liver did not work right. I suffered much, but Electric Bitters was recommended and I improved from the first dose. I now feel like a new man." It will improve you, too. Only 50c and \$1.00. Recommended by H. P. Dunn. Advt. 115

Had Enough.

The reformed burglar, upon his release from jail, was inclined to be a bit facetious. "Simply state," he remarked to a reporter who chanced to be in the vicinity, "that under no circumstances will I be a candidate for another term." POWER CONTRACT MADE BY CITY

800,000 Kilowatts at 2 3-8 cents,
All in Excess Per Year at 2 cents
Per Kilowatt Hour

TERM OF CONTRACT 12 YEARS

\$25,000 Bond First Year, and Bond
of \$10,000 for the Balance
of Contract Term

The following is the contract made
by the Cuyuna Range Power Co. and
the city:

WHEREAS, the City of Brainerd,
County of Crow Wing, and State of
Minnesota, did on the 12th day of
November A. D. 1910 enter into a
written contract as party of the first
part with the Toltz Engineering
Company, a Minnesota corporation,
as party of the second part for the
establishment, erection and mainte-
nance of an electric light plant in
the City of Brainerd, and the furnishing
of electric current to the said
City of Brainerd at a certain fixed
price specified therein for the per-
iod of ten years and

WHEREAS, the said Toltz Engi-
neering Company pursuant to said
contract did erect and construct a
certain electric power house and said
Toltz Engineering Company, its suc-
cessors or assigns are now maintain-
ing the same in the City of Brainerd,
and furnishing a certain amount of
current under said contract, which
current and service so rendered by
the operating plant under said con-
tract are not in full accordance with
the terms of said contract and not
satisfactory to the public and

WHEREAS, a Receiver has been
appointed to take charge of the
operating plant and all the property
owned by it and a sale of the prem-
ises has been advertised, and the
City of Brainerd and public are sat-
isfied that the Toltz Engineering
Company, its successors and assigns
and the holders of said written con-
tract and the rights thereunder are
unable to fulfill the said contract by
furnishing a sufficient amount of
electric current satisfactory to the
public and the city at the prices
named in said contract and

WHEREAS, the Cuyuna Range
Power Company claims to have an
option to purchase the plant, elec-
tric equipment and an assignment
of said mentioned contract so made
by the Toltz Engineering Company
with the City of Brainerd, together
with all the rights and interests of
the owner and holder of said written
contract,

NOW, THEREFORE, it is hereby
agreed by and between the City of
Brainerd, County of Crow Wing,
and State of Minnesota, a Municipal
corporation, party of the first part,
and the Cuyuna Range Power Com-
pany, a corporation of Minnesota,

as party of the second part as fol-
lows:

That said party for and in con-
sideration of the premises, the sum
of One Dollar (\$1) in hand paid,
and the mutual covenants and agree-
ments hereinafter stated and set
forth, do as hereby agree with sec-
ond party as follows;

1. That the said second party hereby
agrees to purchase and take over
from the Toltz Engineering Com-
pany, its successors or assigns, and
the owner and holder of all the
rights and interests under that cer-
tain contract so entered into by and
between the said City of Brainerd
and the Toltz Engineering Company
under date of November 12th, 1910
all its or their rights, title, and in-
terest in and to said contract, to-
gether with the electric plant erect-
ed, held and now being operated
in the City of Brainerd under said
contract, and all the property owned
by said company of companies there-
under and used in connection with
the operation of said plant, and to
save and keep the said City of Brainerd
free and harmless from all claims
for damages of any kind, nature and
description arising out of said con-
tract by the Toltz Engineering Com-
pany, its successors or assigns un-
der the said mentioned written con-
tract against said City of Brainerd,
except as to claim or price for
amount of electric current furnished
prior to the execution of this agree-
ment.

2. Said second party agrees to gen-
erate, furnish, sell and deliver to the
said first party all the electric cur-
rent which the first party may need
for its distributing system as now or
hereafter maintained for the un-
expired period of twelve (12) years
from the 12th day of November,
1910.

3. The current so sold and delivered
shall be delivered at the first party's
switch board at about 2300 volts
normal, 60 cycle, 3 phase alternat-
ing current; the exact voltage to be
as required by the Water & Light
Board of the first party, or its suc-
cessors, and the service of said cur-
rent to be continuous and satisfac-
tory and steady and free from fluctu-
ation, provided, that the exact vol-
tage shall be designated in writing
by said Water & Light Board and
that when so designated, that no
other or different designation shall
be made by said Water & Light
Board except a Two and One-half
(2½) per cent or five (5) per cent
decrease in the voltage originally de-
signed provided the maximum shall
not exceed Twenty-three hundred
(2300) volts and provided further,
that the second party shall at all
times maintain the voltage as so
designated and provided further,
that the exact voltage so determined

and designated shall be controlled
by a Terrill Regulator.

4. The second party further agrees to
maintain the building and when
necessary to operate the plant con-
structed by the Toltz Engineering
Company and now being operated in
said city by its successors or assigns,
or in lieu thereof to maintain and
when necessary operate a modern
and sufficient and adequate steam
plant as an auxiliary to the Hydro
Electric plant owned and operated
by said second party.

5. The second party further agrees
to provide room in the aforesaid
building and shall, free of compensa-
tion, allow the first party to place
therein its switch board and other
necessary appliances for its sub-
station and without compensation or
expense to the first party, to operate
under the supervision of the Water
& Light Board, or its successors, of
the first party, said switch board and
other necessary appliances, and the
first party's Water & Light Board or
its successors through its officers or
employees shall be allowed access to
said switch board or other necessary
appliances at all reasonable hours
for the purpose of repairing, alter-
ing, examining or testing any or
either of them, or the meter which
shall record the consumption of cur-
rent, but the second party shall in
no event be liable for any injury or
damage to said switch board or ap-
pliances not the result of the negli-
gence of its agents or servants.

6. The second party further agrees
that it shall be liable for any inter-
ruption of current, except such as is
caused by inevitable accident in the
making of repairs made necessary
by the ordinary wear and tear of the
equipment of appliances, but in case
of interruption of current from any
cause the service shall be re-es-
tablished at once and all repairs made
by the second party which shall
necessitate any interruption to the
service whether said repairs are made
upon its equipment and appliances
within the City of Brainerd or other-
wise, shall be made at a time desig-
nated by the said Water & Light
Board of the first party, the second
party further agreeing that the said
first party is to be served up to its
full requirements in preference to
any and all of the second party's
other patrons which it may have at
any time during the term of this
agreement.

7. The first party in consideration of
the premises and of the full, com-
plete and faithful performance by
the second party of all the terms
and conditions of this agreement to
be by it kept and performed agrees
that it will during the remainder of
said term of twelve (12) years from
and after said 12th day of November,
1910, purchase and receive from the
second party all the current which
the first party may require for sale
to its light and power patrons and
not less than two hundred thousand
(200,000) kilowatt hours per year,
and the first party shall pay there-
for at the rate of two and three-
eighths (2 3-8) cents per kilowatt
hour for the first eight hundred
thousand (800,000) kilowatt hours
used in any one year, and two (2)
cents per kilowatt hour for all cur-
rent used in excess thereof in the
same year.

8. The first party agrees to pay in
legal tender or its equivalent on or
about the 10th day of each month
for all the current used during the
preceding calendar month at the
rate hereinbefore named.

9. The first party does hereby grant
unto the second part the right to
construct one high tension pole line
from said power plant across or along
its streets or alleys in an easterly
direction to the eastern boundary of
the present platted portion of said
city, such streets and alleys to be
hereafter designated by resolution of
the City Council of the first party,
and said pole line to be constructed
and maintained according to all the
present or future laws or ordinances
of the first party, the details of the
construction and maintenance of
said pole line to be in accordance
with the best modern practice in
cedar pole line construction carry-
ing high tension wires, and being
subject to the approval of said Water
& Light Board of the first party, or
its successors, provided, the first
party hereby reserves the right to at
any time re-designate by resolution
of the City Council the streets and
alleys to be hereafter used by the
second party for said pole line upon
thirty (30) days notice in writing,
the changing of said pole line under
any re-designation by the first party
to be made at the cost and expense
of the second party but no change
shall be ordered without good and
sufficient cause.

10. In case any dispute should arise
between the parties hereto as to the
amount of current consumed in any
period of time, the dispute shall be
determined and decided by three ar-
bitrators; one to be appointed by the
first party, one by the second party
and one by the first two chosen, and
the decision of said arbitrating board
shall be final and conclusive. In the
event either party hereto shall, in
case of such dispute, fail to appoint
an arbitrator within ten (10) days
after demand so to do by the other
party, then such dispute may be de-
termined by the arbitrator appointed
by the party serving such demand
and the decision of such arbitrator
shall be binding and conclusive, pro-

vided such notice shall be served by
or on the said Water & Light Board
or its successors, and provided fur-
ther, that any expense of any such
arbitration shall be borne by both
parties, share and share alike.

11. The second party shall before the
execution of this agreement by the
first party furnish the first party a
surety bond in the sum of Twenty
Five Thousand Dollars (\$25,000),
said bond to run for the period of
one (1) year, at the expiration of
which time the second party shall
furnish the first party a surety com-
pany bond in the sum of Ten Thou-
sand Dollars (\$10,000), said bond to
run for the remainder of the term
of this contract, both of which bonds
shall be conditioned upon the full,
complete and faithful performance
of each and all of the terms and
conditions of this agreement, and to
save the first party harmless from
any and all claims for damages or
injury to property or persons by rea-
son of the construction or mainte-
nance of any of its property or ap-
pliances, within the corporate limits
of the first party as now or here-
after defined the first party reserv-
ing the right to require the second
party to at any time to furnish said
bond in another or different surety
company from the one in which such
bond may be written; said bond to be
in lieu of any or all other bonds
heretofore given for the faithful
performance of the aforesaid Toltz
Engineering Company's contract.

12. The second party hereby agrees
that at any time during the term of
this agreement the first party has
the right and option to demand of
the second party the furnishing of
electrical current, for the purpose
of pumping water for its water dis-
tributing system, and upon the ex-
ercise of said right and option and
the making of such demand by the
first party, the second party agrees
to furnish electrical current for the
purpose of pumping water for the
water distributing system of the first
party at the rate of one and one-half
(1½) cents per kilowatt hour, said
pumping to be done between the
hours of 11:00 o'clock P. M. and
7:00 o'clock P. M. from the 15th
day of March to the 15th day of Oc-
tober, and between the hours of
11:00 o'clock P. M. and 5:00 o'clock
P. M. from the 15th day of October
to the 15th day of March.

13. The second party further agrees
that the first party has the right
and option to renew this contract
to the extent of Three Million (3,000,000) kilowatt hours per year at
the rate herein named, and further
agrees that the first party has the
further right and option to purchase
said auxiliary power plant with all
the appliances pertaining thereto
and used in the operating of said
plant at the expiration of the term
of twelve (12) years, either the
right and option to renew this agree-
ment or the further right and option
to purchase said auxiliary power
plant to be exercised by the giving
of notice in writing to the second
party at least thirty (30) days prior
to the expiration of said twelve (12)
year term, and if the right and op-
tion to purchase is so exercised by
the second party, the price to be paid
therefor to be agreed upon by a
board of arbitration, said board to
consist of two representatives of the
first party and two representatives
of the second party, and one to be
chosen by those four first mentioned.

14. The foregoing and within contract
is made as a new, independent and
substituted contract instead of and
to take the place of the one so is-
sued by the said City of Brainerd to
the Toltz Engineering Company un-
der date of November 12th, 1910 and
all the obligations, conditions and priv-
ileges specified and mentioned in said
former contract to the Toltz Engi-
neering Company, are hereby changed,
notified and canceled to the extent
as hereinbefore set forth.

15. It is mutually agreed by both parties
hereto that all the rights, priv-
ileges, duties and obligations herein
contained or arising by the terms
hereof shall be binding upon and
enure to the benefit of their suc-
cessors or assigns; but the party of
the second part shall never be re-
leased from the obligations of the
within contract unless the assignee
shall be accepted by resolution of the
Council in place of second party.

Mr. Ryan, in an interview today,
stated that the contract as drawn
by him had undergone several al-
terations at the hands of the coun-
cil. Some paragraphs were entire-
ly changed and one section, that
referring to liquidated damages was
entirely stricken out.

G. D. LaBar ELECTED PRESIDENT

Heads the Minnesota Park Region
Land Company of this City
at Annual Election

The annual meeting of the stock-
holders of the Minnesota Park Region
Land company was held at three
o'clock today and the directors cho-
sen were George D. LaBar, J. C. Wood,
J. M. Elder, F. A. Farrar and James
Virden. The officers elected were:
President—George D. LaBar.
Vice President—J. C. Wood.
Secretary—J. M. Elder.
Treasurer—F. A. Farrar.

CUYUNA MOWED DOWN 29 TO 0

Range Town is Led Like a Lamb to
the Sacrifice and Lambasted
by Brainerd Team

FIRST GAME OF THE SEASON

"Frosty" Thomas Excelled in Pitch-
ing Line—But One Cuyuna
Man Got to Third Base

The first game of the local ball
season was ushered in by warm, sun-
shiny weather and a good sized crowd
filled the grand stand, bleachers and
as usual decked the hillside. Mayor
H. P. Dunn, who last year opened
the game by pitching the first ball,
was on hand this year and repeated
the ceremony. He threw a sharp
up and down shoot and "Frosty"
Thomas let it sail by and one strike
was recorded.

It may have been a coincidence,
for last year when Mayor Dunn
pitched the initial drop curve, Brainerd
beat Crosby by a 19 to 2 score.
This year Cuyuna, on being appealed
to for a game, hastily gathered up a
nine. Manager Frank Buchanan
said he had all the ball players in
town who aspired to be second
Speakers and McGraws and that they
did have hopes of going back to Cuy-
una with a few scores in their favor.
"We boys did the best we could to
oblige Brainerd," said Mr. Buchan-
an. "We played as good as we
could."

The result was a regular Mountain
Meadow massacre, Cuyuna being
slaughtered by a 29 to 0 score.
Brainerd never let up in its playing.
The locals played as though they
had a big lead to overcome and tried
their level best to make it an even
30.

Zierke led off on the mound and
struck out 12 in five innings. He
pitched an air tight game. He was
succeeded by Cook in the sixth. Kal-
land took first base, taking the place
of Kunitz.

On the Brainerd side everybody
had a chance to whale the ball and
long drives were made over left field
fence, and almost over the wire fence
near center field. Zierke made a
home run.

Among Cuyuna plays which were
good were these. In the third in-
ning Ira Roderick's high fly was
missed by Third Baseman Grew and
scopped up by Shortstop W. Hendrickson.
Grew in the fourth in-
ning worked his way to third and was
the only man on the team to get that
far. In the fifth inning Thomas
made a double play unassisted. He
was playing second and caught a
fly and tagged the base, the runner
on second having traveled towards
third.

T. H. Considine umpired the game
and gave general satisfaction.

The Brainerd line up: George
Erickson, right field; Callan center
field; Richard Bush shortstop; Zierke
pitcher; Tom Templeton third base;
Bud Roderick catcher; G. Merrill
left field; Kunitz first base; Ira Rod-
erick second base. In the sixth
Cook pitched and Kalland went on
first.

Cuyuna's line up: Thomas pitcher;
Russell second base; Henry Grew
third base; W. Hendrickson short-
stop; Charles Wotring right field;
John Alola catcher; Ed. Hendrick-
son left field; Gust Anderson first
base; Don Tipton center field. In
the fourth inning Grew went to the
mound, Thomas to second, Alola to
center and Russell to catching.

The score:
Cuyuna .. 0 0 0 0 0 0 0 0 0 0
Brainerd .. 2 7 5 2 5 2 3 3 x—29
It is believed that a game with
Staples is probable next Sunday and
the division town of the Northern
Pacific railway will be a different
proposition than Cuyuna.

MORE SUBSCRIPTIONS

Fourth of July Fund Growing Stead-
ily and Amount Raised is
Now Over \$400

Committees seeking donations for
the fund which will enable Brainerd
to have a good old fashioned Fourth
of July celebration report that con-
tributions are being received daily.
B. C. McNamara says that over
\$400 has been pledged at the pres-
ent time. In addition several unions
and lodges have reported and their
donations will be made public to-
morrow.

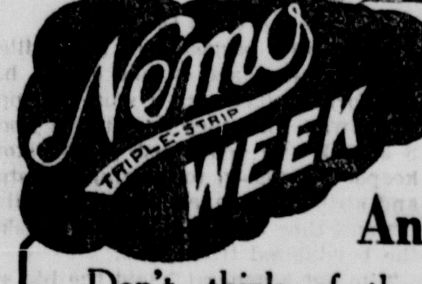

The amount last reported was
\$334.25, to which has been added
the list below which brings the fig-
ures to \$406.25. The contributors

POWER CONTRACT MADE BY CITY

800,000 Kilowatts at 2 3-8 cents,
All in Excess Per Year at 2 cents
Per Kilowatt Hour

TERM OF CONTRACT 12 YEARS

\$25,000 Bond First Year, and Bond
of \$10,000 for the Balance
of Contract Term

The following is the contract made
by the Cuyuna Range Power Co. and
the city:

WHEREAS, the City of Brainerd,
County of Crow Wing, and State of
Minnesota, did on the 12th day of
November A. D. 1910 enter into a
written contract as party of the first
part with the Toltz Engineering
Company, a Minnesota corporation,
as party of the second part for the
establishment, erection and mainte-
nance of an electric light plant in
the City of Brainerd, and the furnishing
of electric current to the said
City of Brainerd at a certain fixed
price specified therein for the per-
iod of ten years and

WHEREAS, the said Toltz Engi-
neering Company pursuant to said
contract did erect and construct a
certain electric power house and said
Toltz Engineering Company, its suc-
cessors or assigns are now maintain-
ing the same in the City of Brainerd,
and furnishing a certain amount of
current under said contract, which
current and service so rendered by
the operating plant under said con-
tract are not in full accordance with
the terms of said contract and not
satisfactory to the public and

WHEREAS, a Receiver has been
appointed to take charge of the
operating plant and all the property
owned by it and a sale of the prem-
ises has been advertised, and the
City of Brainerd and public are sat-
isfied that the Toltz Engineering
Company, its successors and assigns
and the holders of said written con-
tract and the rights thereunder are
unable to fulfil the said contract by
furnishing a sufficient amount of
electric current satisfactory to the
public and the city at the prices
named in said contract and

WHEREAS, the Cuyuna Range
Power Company claims to have an
option to purchase the plant, elec-
tric equipment and an assignment
of said mentioned contract so made
by the Toltz Engineering Company
with the City of Brainerd, together
with all the rights and interests of
the owner and holder of said written
contract,

NOW, THEREFORE, it is hereby
agreed by and between the City of
Brainerd, County of Crow Wing,
and State of Minnesota, a Municipal
corporation, party of the first part,
and the Cuyuna Range Power Com-
pany, a corporation of Minnesota,

as party of the second part as fol-
lows:

That said party for and in con-
sideration of the premises, the sum
of One Dollar (\$1) in hand paid,
and the mutual covenants and agree-
ments hereinafter stated and set
forth, do as hereby agree with sec-
ond party as follows:

1. That the said second party hereby
agrees to purchase and take over
from the Toltz Engineering Com-
pany, its successors or assigns, and
the owner and holder of all the
rights and interests under that cer-
tain contract so entered into by and
between the said City of Brainerd
and the Toltz Engineering Company
under date of November 12th, 1910
all its or their rights, title, and in-
terest in and to said contract, to-
gether with the electric plant erect-
ed, held and now being operated
in the City of Brainerd under said
contract, and all the property owned
by said company of companies there-
under and used in connection with
the operation of said plant, and to
save and keep the said City of Brainerd
free and harmless from all claims
for damages of any kind, nature and
description arising out of said con-
tract by the Toltz Engineering Com-
pany, its successors or assigns un-
der the said mentioned written con-
tract against said City of Brainerd,
except as to claim or price for
amount of electric current furnished
prior to the execution of this agree-
ment.

2. Said second party agrees to gen-
erate, furnish, sell and deliver to the
said first party all the electric cur-
rent which the first party may need
for its distributing system as now or
hereafter maintained for the un-
expired period of twelve (12) years
from the 12th day of November,
1910.

3. The current so sold and delivered
shall be delivered at the first party's
switch board at about 2300 volts
normal, 60 cycle, 3 phase alternat-
ing current; the exact voltage to be
as required by the Water & Light
Board of the first party, or its suc-
cessors, and the service of said cur-
rent to be continuous and satisfac-
tory and steady and free from fluc-
tuation, provided, that the exact vol-
tage shall be designated in writing
by said Water & Light Board and
that when so designated, that no
other or different designation shall
be made by said Water & Light
Board except a Two and One-half
(2 1/2) per cent or five (5) per cent
decrease in the voltage originally de-
signed provided the maximum shall
not exceed Twenty-three Hundred
(2300) volts and provided further,
that the second party shall at all
times maintain the voltage as so
designated and provided further,
that the exact voltage so determined

and designated shall be controlled
by a Terrill Regulator.

4. The second party further agrees to
maintain the building and when
necessary to operate the plant con-
structed by the Toltz Engineering
Company and now being operated in
said city by its successors or assigns,
or in lieu thereof to maintain and
when necessary operate a modern
and sufficient and adequate steam
plant as an auxiliary to the Hydro
Electric plant owned and operated
by said second party.

5. The second party further agrees
to provide room in the aforesaid
building and shall, free of compen-
sation, allow the first party to place
therein its switch board and other
necessary appliances for its sub-
station and without compensation or
expense to the first party, to operate
under the supervision of the Water
& Light Board, or its successors of
the first party, said switch board and
other necessary appliances, and the
first party's Water & Light Board or
its successors through its officers or
employees shall be allowed access to
said switch board or other necessary
appliances at all reasonable hours
for the purpose of repairing, alter-
ing, examining or testing any or
either of them, or the meter which
shall record the consumption of cur-
rent, but the second party shall in
no event be liable for any injury or
damage to said switch board or ap-
pliances not the result of the negli-
gence of its agents or servants.

6. The second party further agrees
that it shall be liable for any inter-
ruption of current, except such as is
caused by inevitable accident in the
making of repairs made necessary
by the ordinary wear and tear of the
equipment of appliances, but in case
of interruption of current from any
cause the service shall be re-es-
tablished at once and all repairs made
by the second party which shall
necessitate any interruption to the
service whether said repairs are made
upon its equipment and appliances
within the City of Brainerd or other-
wise, shall be made at a time desig-
nated by the said Water & Light
Board of the first party, the second
party further agreeing that the said
first party is to be served up to its
full requirements in preference to
any and all of the second party's
other patrons which it may have at
any time during the term of this
agreement.

7. The first party in consideration of
the premises and of the full, com-
plete and faithful performance by
the second party of all the terms
and conditions of this agreement to
be by it kept and performed agrees
that it will during the remainder of
said term of twelve (12) years from
and after said 12th day of November,
1910, purchase and receive from the
second party all the current which
the first party may require for sale
to its light and power patrons and
not less than two hundred thousand
(200,000) kilowatt hours per year,
and the first party shall pay there-
for at the rate of two and three-
eighths (2 3/8) cents per kilowatt
hour for the first eight hundred
thousand (800,000) kilowatt hours
used in any one year, and two (2)
cents per kilowatt hour for all cur-
rent used in excess thereof in the
same year.

8. The first party agrees to pay in
legal tender or its equivalent on or
about the 10th day of each month
for all the current used during the
preceding calendar month at the
rate hereinbefore named.

9. The first party does hereby grant
unto the second part the right to
construct one high tension pole line
from said power plant across or along
its streets or alleys in an easterly
direction to the eastern boundary of
the present platted portion of said
city, such streets and alleys to be
hereafter designated by resolution of
the City Council of the first party,
and said pole line to be constructed
and maintained according to all the
present or future laws or ordinances
of the first party, the details of the
construction and maintenance of
said pole line to be in accordance
with the best modern practice in
cedar pole line construction carry-
ing high tension wires, and being
subject to the approval of said Water
& Light Board of the first party, or
its successors, provided, the first
party hereby reserves the right to at
any time re-designate by resolution
of the City Council the streets and
alleys to be hereafter used by the
second party for said pole line upon
thirty (30) days notice in writing,
the changing of said pole line under
any re-designation by the first party
to be made at the cost and expense
of the second party but no change
shall be ordered without good and
sufficient cause.

10. In case any dispute should arise
between the parties hereto as to the
amount of current consumed in any
period of time, the dispute shall be
determined and decided by three ar-
bitrators; one to be appointed by the
first party, one by the second party
and one by the first two chosen, and
the decision of said arbitrating board
shall be final and conclusive. In the
event either party hereto shall, in
case of such dispute, fail to appoint
an arbitrator within ten (10) days
after demand so to do by the other
party, then such dispute may be de-
termined by the arbitrator appointed
by the party serving such demand
and the decision of such arbitrator
shall be binding and conclusive, pro-

vided such notice shall be served by
or on the said Water & Light Board
or its successors, and provided fur-
ther, that any expense of any such
arbitration shall be borne by both
parties, share and share alike.

11. The second party shall before the
execution of this agreement by the
first party furnish the first party a
surety bond in the sum of Twenty
Five Thousand Dollars (\$25,000),
said bond to run for the period of
one (1) year, at the expiration of
which time the second party shall
furnish the first party a surety com-
pany bond in the sum of Ten Thou-
sand Dollars (\$10,000), said bond to
run for the remainder of the term
of this contract, both of which bonds
shall be conditioned upon the full,
complete and faithful performance
of each and all of the terms and
conditions of this agreement, and to
save the first party harmless from
any and all claims for damages or
injury to property or persons by rea-
son of the construction or mainte-
nance of any of its property or ap-
pliances, within the corporate limits
of the first party as now or here-
after defined the first party reserv-
ing the right to require the second
party to at any time to furnish said
bond in another or different surety
company from the one in which such
bond may be written; said bond to
be in lieu of any or all other bonds
heretofore given for the faithful
performance of the aforesaid Toltz
Engineering Company's contract.

12. The second party hereby agrees
that at any time during the term of
this agreement the first party has
the right and option to demand of
the second party the furnishing of
electrical current, for the purpose
of pumping water for its water dis-
tributing system, and upon the ex-
ercise of said right and option and
the making of such demand by the
first party, the second party agrees
to furnish electrical current for the
purpose of pumping water for the
water distributing system of the first
party at the rate of one and one-half
(1 1/2) cents per kilowatt hour, said
pumping to be done between the
hours of 11:00 o'clock P. M. and
7:00 o'clock P. M. from the 15th
day of March to the 15th day of Oc-
tober, and between the hours of
11:00 o'clock P. M. and 5:00 o'clock
P. M. from the 15th day of October
to the 15th day of March.

13. The second party further agrees
that the first party has the right
and option to renew this contract
to the extent of Three Million (3,000,000) kilowatt hours per year at
the rate herein named, and further
agrees that the first party has the
further right and option to purchase
said auxiliary power plant with all
the appliances pertaining thereto
and used in the operating of said
plant at the expiration of the term
of twelve (12) years, either the
right and option to renew this agree-
ment or the further right and option
to purchase said auxiliary power
plant to be exercised by the giving
of notice in writing to the second
party at least thirty (30) days prior
to the expiration of said twelve (12)
year term, and if the right and op-
tion to purchase is so exercised by
the second party, the price to be paid
therefor to be agreed upon by a
board of arbitration, said board to
consist of two representatives of the
first party and two representatives
of the second party, and one to be
chosen by those four first mentioned.

14. The foregoing and within contract
is made as a new, independent and
substituted contract instead of and
to take the place of the one so is-
sued by the said City of Brainerd to
the Toltz Engineering Company un-
der date of November 12th, 1910 and
all the obligations, conditions and priv-
ileges specified and mentioned in said
former contract to the Toltz Engi-
neering Company, are hereby changed,
notified and canceled to the extent
as hereinbefore set forth.

15. It is mutually agreed by both parties
hereto that all the rights, priv-
ileges, duties and obligations herein
contained or arising by the terms
hereof shall be binding upon and
enure to the benefit of their suc-
cessors or assigns; but the party of
the second part shall never be re-
leased from the obligations of the
within contract unless the assignee
shall be accepted by resolution of the
Council in place of second party.

Mr. Ryan, in an interview today,
stated that the contract as drawn
by him had undergone several al-
terations at the hands of the coun-
cil. Some paragraphs were entire-
ly changed and one section, that
referring to liquidated damages was
entirely stricken out.

G. D. LaBAR ELECTED PRESIDENT

Heads the Minnesota Park Region
Land Company of this City
at Annual Election

The annual meeting of the stock-
holders of the Minnesota Park Region
Land company was held at three
o'clock today and the directors cho-
sen were George D. LaBar, J. C. Wood,
J. M. Elder, F. A. Farrar and James
Virden. The officers elected were:
President—George D. LaBar.
Vice President—J. C. Wood.
Secretary—J. M. Elder.
Treasurer—F. A. Farrar.

CUYUNA MOWED DOWN 29 TO 0

Range Town is Led Like a Lamb to
the Sacrifice and Lambasted
by Brainerd Team

FIRST GAME OF THE SEASON

"Frosty" Thomas Excelled in Pitch-
ing Line—But One Cuyuna
Man Got to Third Base

The first game of the local ball
season was ushered in by warm, sun-
shiny weather and a good sized crowd
filled the grand stand, bleachers and
as usual decked the hillside. Mayor
H. P. Dunn, who last year opened
the game by pitching the first ball,
was on hand this year and repeated
the ceremony. He threw a sharp
up and down shoot and "Frosty"
Thomas let it sail by and one strike
was recorded.

It may have been a coincidence,
for last year when Mayor Dunn
pitched the initial drop curve, Brainerd
beat Crosby by a 19 to 2 score.
This year Cuyuna, on being appealed
to for a game, hastily gathered up a
nine. Manager Frank Buchanan
said he had all the ball players in
town who aspired to be second
Speakers and McGraws and that they
did have hopes of going back to Cuyuna
with a few scores in their favor.
"We boys did the best we could to
oblige Brainerd," said Mr. Buchan-
an. "We played as good as we
could."

The result was a regular Mountain
meadow massacre, Cuyuna being
slaughtered by a 29 to 0 score.
Brainerd never let up in its playing.
The locals played as though they
had a big lead to overcome and tried
their level best to make it an even
30.

Zierke led off on the mound and
struck out 12 in five innings. He
pitched an air tight game. He was
succeeded by Cook in the sixth. Kal-
land took first base, taking the place
of Kunitz.

On the Brainerd side everybody
had a chance to whale the ball and
long drives were made over left field
fence, and almost over the wire fence
near center field. Zierke made a
home run.

Among Cuyuna plays which were
good were these. In the third in-
ning Ira Roderick's high fly was
missed by Third Baseman Grew and
scooped up by Shortstop W. Hendrickson. Grew in the fourth in-
ning worked his way to third and was
the only man on the team to get that
far. In the fifth inning Thomas
made a double play unassisted. He
was playing second and caught a
fly and tagged the base, the runner
on second having traveled towards
third.

T. H. Considine umpired the game
and gave general satisfaction.

The Brainerd line up: George
Erickson, right field; Callan center
field; Richard Bush shortstop; Zierke
pitcher; Tom Templeton third base;
Bud Roderick catcher; G. Merrill
left field; Kunitz first base; Ira Roderick
second base. In the sixth
Cook pitched and Kalland went on
first.

Cuyuna's line up: Thomas pitcher;
Russell second base; Henry Grew
third base; W. Hendrickson short-
stop; Charles Wotring right field;
John Aloia catcher; Ed. Hendrickson
left field; Gust Anderson first
base; Don Tipton center field. In
the fourth inning Grew went to the
mound, Thomas to second, Aloia to
center and Russell to catching.

The score:
Cuyuna 0 0 0 0 0 0 0 0—0
Brainerd 2 7 5 2 5 2 3 3 x—29
It is believed that a game with
Staples is probable next Sunday and
the division town of the Northern
Pacific railway will be a different
proposition than Cuyuna.

"Distinctly Individual"

Snakes.

One hundred and eleven kinds of snakes inhabit the United States. There are also ninety-seven species of lizards, besides an array of turtles and tortoises and two big species of crocodilians in the low grounds of the southeast. Of the reptiles eighteen varieties are poisonous, every state having its share of them.

Bear's Grease.

In a recent volume of reminiscences the writer states that baldness is much more common now than in his early days and ascribes our loss of hair to the decrease in the use of "bear's grease." This pomade was made principally of lard, colored and scented, but "hairdressers, many of whom called themselves 'professors,' used to advertise the slaughter of another fine bear, exhibiting, particularly in the Walworth road, a canvas screen depicting in glaring colors a brown animal of elephantine proportions expiring in a sea of gore."—London Standard.

Sunset and the Flag.

A stalwart sergeant in an artillery regiment stationed in one of the harbor forts walked into a store in upper Broadway the other evening at about 8 o'clock and demanded of the storekeeper the reason for having the stars and stripes displayed after nightfall. "Isn't that all right, general?" asked the bewildered tradesman. "I'm not a general," said the big soldier, "but it isn't all right to keep the flag out after sunset. Only during a siege is the flag displayed at night, and judging from your business, I don't think you're under siege."—New York Sun.

Queer Uses for the Crocus.

The crocus is nowadays held to justify its existence by its beauty, but in bygone centuries it was cultivated with an eye to profit, its saffron being in high demand both as an aromatic and as a flavoring for cakes and pies. A distillation of crocus blossoms also was held to be good for strengthening the lungs and heart and as a preventive of plague. Evidence of the flower's commercial value survives in the name of the chief center of its cultivation, Saffron Walden, but saffron nowadays is appreciated only by the sparrows, which wreck the crocuses to obtain it.—London Chronicle.

PRaises THE CUYUNA RANGE

Cuyler Adams Says its Agricultural and Mineral Resources are Wonderful

TOM KEATING'S WOOD PILE

Consumed by Brush Fire—Deerwood Water Works Bonds of \$15,000 are Sold

Deerwood, Minn., May 1.—Cuyler Adams, the father of the Cuyuna Iron range, recently returned from his winter trip to the south. In an interview he expressed himself as pleased with the progress made on the range and said that of all the iron ranges the Cuyuna possessed the most wonderful possibilities in ore, and not only this, but in agriculture too. Nowhere also could you find a range which offered such possibilities. Keeping pace with the mining was the improvements noticeable in farming methods. Better cattle, sheep and pigs were being introduced. A fine market was afforded for all these products. The improved train service of the Northern Pacific railway was also commented on by Mr. Adams. At his mine at Oreland a crew is engaged in sinking and at the 200 foot level a pump station will be installed.

Tom Keating lost his eight cord pile of wood when a brush and grass fire that he was tending, broke away from him and consumed the whole pile in a short time. Neighbors offered condolences.

The Deerwood waterworks bonds of \$15,000 bearing five per cent interest have been sold to the Duluth Securities company and in a short time work will be commenced on the mains, the tank and the station.

Forest fires near Loerch destroyed several houses, one said to be owned by a Mr. Hegstead of Brainerd.

John H. Smith, national bank examiner, visited Deerwood Wednesday.

The Hamlet lake Sunday school meets every Sunday afternoon at two o'clock. Olson Skau teaches the Norwegian class and F. Peterson the Swedish class.

Dr. E. K. Copper, of Duluth, presiding elder of the Methodist church, visited Deerwood Wednesday.

A good roads meeting has been called at Hilyar's hall May 8, and Charles A. Forbes of St. Paul, will deliver an address. A good roads organization will be formed.

For Burns, Bruises and Sores.

The quickest and surest cure for burns, bruises, boils, sores, inflammation and all skin diseases is Bucklen's Arnica Salve. In four days it cured L. H. Haffin, of Iredell, Tex., of a sore on his ankle which pained him so he could hardly walk. Should be in every house. Only 25c. Recommended by H. P. Dunn—Advt. tts

YOU'LL WANT IT

ALL THE TIME

Once you have tasted the delicious nut-like flavor of "Minnesota" Macaroni, you will want to eat it every day. There has never been any macaroni like it before—none so firm, so nutritious and so flavorful.

"Minnesota" Macaroni is one of the best and most nourishing foods known—yet it costs only about one cent a dish. Serve it at least twice a week in place of meat. You will save money and your family will enjoy better health.

"Minnesota" Macaroni is especially fine for children—it builds strong bodies and does not overload the stomach.

Try the handy "Minnesota" Cut Macaroni, which is cut into uniform pieces—it cooks more evenly and is quicker to prepare.—Advt.

Application for Transfer of Liquor License

To the Council of the City of Brainerd, Minnesota:

The undersigned, H. E. Carlson, hereby makes application to transfer his license to sell intoxicating liquors, at, upon and in the room and premises described as follows, to-wit: No. 502 Laurel street, on the ground floor, in the City of Brainerd, from May 20th, 1913, until October 21st, 1913, to George Anderson and Frank Bedard, No. 502 Laurel street, ground floor.

Dated April 25, 1913.

(Signed) H. E. CARLSON.
Said transferee has been licensed to sell intoxicating liquors in the city of Brainerd from May 21st, 1912 to May 21st, 1913.

Notice is hereby given that a hearing on the above application will be had on May 19th, 1913, at 8:00 o'clock p. m. at a regular meeting of the City Council of the City of Brainerd.

Dated April 26, 1913.

V. N. RODERICK,
City Clerk.

CHRIST ASCENDED AS HE DESCENDED

We Have Erred in Supposing His Flesh Ascended.

Pastor Russell Says the Logos Descended—He Was Made Flesh—Humbled Even unto Death, Sheol, Hades. He Was Raised From the Dead a Spirit Being—He Ascended as He Descended—Jesus a Quickening Spirit Ascended to Glory, Honor and Immortality—What He Left and More Added Glory.

that the Lord God might dwell among them."—Psalm 68:18.

Pastor Russell declared that one of the serious errors engrafted into the Christian faith is the supposition that Jesus is still a man. This wrong thought prevails especially amongst Premillennialists, and helps to turn many away from faith in the premillennial coming of Christ for the blessing of all the world. Many Christians perceive that a reign of Christ in the flesh would be inferior to a spiritual reign. Hence the general rejection of faith in the Second Coming of Christ and the establishment of His Kingdom.

He showed that all Christians firmly believe that Jesus was a spirit being before He came into the world. All believe that a spirit being is of a higher order than a human being, and that Jesus made a great stoop when He laid aside the glory of His prehuman condition to become "the Man Christ Jesus." Man is "a little lower than angels," even in his perfection.

The Pastor declared that surely no Bible student supposes that the Heavenly Father had permanently degraded His Son from a station higher than angels to one below them. Yet many Christians profess to believe this very thing. The ascension of Christ is claimed to prove it. How absurd to suppose that our Lord Jesus, accustomed to spirit conditions, and made flesh for a short period, could be otherwise than discommoded and seriously disoriented by the Father, if He has a body of flesh!

Ascends Where He Was Before. Mistaken views respecting the word ascend have helped to confuse us. St. Paul, explaining our text, shows that the ascension of Jesus is to be considered in conjunction with His descending. (Ephesians 4:8-11.) He that ascended is the same that descended, thirty-four years before. Did the descending have reference to the kind of body? Surely not! Then the ascending has no reference to the kind of body.

The descending signified the humiliation, the leaving of spiritual glory, to be born of the flesh. The life of the Logos was transferred from the spirit body to the body of the babe, that He might become "the Man Christ Jesus."

Similarly, the begetting of the Holy Spirit came to Jesus at His baptism, and for three and a half years it constituted Him a spiritual Priest, whose work was to "offer Himself." That offering ended at Calvary. When on the third day, the Father raised Him from the dead, it was the Priest who was raised to glory, honor and immortality—not the sacrificed human body. As it is written, "A body hast Thou prepared Me for the suffering of death." Jesus' sacrifice was finished at Calvary, as He said. He dieth no more, and therefore has no further use for the body of flesh. What became of it, the Pastor would not undertake to say. It was not seen in the tomb. But the soul, not the body, was raised to life. "Thou wilt not leave My soul in Sheol"—Hades—the tomb.

Why a Body of Flesh Was Used. We must remember two things, said the Pastor. Followers of Jesus were required to have full faith: (1) That Jesus was the Logos, who had descended from the spirit plane to the human, (2) That He had died sacrificially, and that God raised Him from the dead.

Unless these two points were fully established, they could not continue as Jesus' disciples, acceptable with the Father, and capable of receiving the Holy Spirit. But they could not receive spiritual things until after the spirit-begetting at Pentecost. Hence their instructions must be along earthly lines.

If after His resurrection, Jesus had appeared to them as He did to Saul of Tarsus, what proof would they have that it was the same Jesus who had died? How could the Message of His resurrection and ascension have been conveyed to their minds? Some ocular demonstration was necessary to constitute a basis for faith. Therefore our Lord demonstrated to His disciples the fact that a great change had taken place.

The disciples were children in the School of Christ, learning a great lesson. To have crowded all lessons upon them at once would have been injurious. So Jesus had said. See John 16:12, 13.

The History of the Key.

The key was one of the first things invented by man. The primitive key was probably a thorn or a splinter. Afterward fishbones seem to have come into use. Wooden pegs followed these. In modern times the process of manufacturing keys is very highly developed. Fifty years ago there were only some hundred varieties of keys, each having its special name and distinct use. Today they are legion.—Harper's Weekly.

"Distinctively Individual"

Snakes.
One hundred and eleven kinds of snakes inhabit the United States. There are also ninety-seven species of lizards, besides an array of turtles and tortoises and two big species of crocodilians in the low grounds of the southeast. Of the reptiles eighteen varieties are poisonous, every state having its share of them.

Bear's Grease.

In a recent volume of reminiscences the writer states that baldness is much more common now than in his early days and ascribes our loss of hair to the decrease in the use of "bear's grease." This pomade was made principally of lard, colored and scented, but "hairsdressers," many of whom called themselves "professors," used to advertise "the slaughter of another fine bear," exhibiting, particularly in the Walworth road, a canvas screen depicting in glaring colors a brown animal of elephantine proportions expiring in a sea of gore.—London Standard.

Sunset and the Flag.

A stalwart sergeant in an artillery regiment stationed in one of the harbor forts walked into a store in upper Broadway the other evening at about 8 o'clock and demanded of the storekeeper the reason for having the stars and stripes displayed after nightfall. "Isn't that all right, general?" asked the bewildered tradesman. "I'm not a general," said the big soldier, "but it isn't all right to keep the flag out after sunset. Only during a siege is the flag displayed at night, and judging from your business, I don't think you're under siege."—New York Sun.

Queer Uses For the Crocus.

The crocus is nowadays held to justify its existence by its beauty, but in bygone centuries it was cultivated with an eye to profit, its saffron being in high demand both as an aromatic and as a flavoring for cakes and pies. A distillation of crocus blossoms also was held to be good for strengthening the lungs and heart and as a preventive of plague. Evidence of the flower's commercial value survives in the name of the chief center of its cultivation, Saffron Walden, but saffron nowadays is appreciated only by the sparrows, which wreck the crocuses to obtain it.—London Chronicle.

PRaises THE CUYUNA RANGE

Cuyler Adams Says its Agricultural and Mineral Resources are Wonderful

TOM KEATING'S WOOD PILE

Consumed by Brush Fire—Deerwood Water Works Bonds of \$15,000 are Sold

Deerwood, Minn., May 1.—Cuyler Adams, the father of the Cuyuna iron range, recently returned from his winter trip to the south. In an interview he expressed himself as pleased with the progress made on the range and said that of all the iron ranges the Cuyuna possessed the most wonderful possibilities in ore, and not only this, but in agriculture too. Nowhere also could you find a range which offered such possibilities. Keeping pace with the mining was the improvements noticeable in farming methods. Better cattle, sheep and pigs were being introduced. A fine market was afforded for all these products. The improved train service of the Northern Pacific railway was also commented on by Mr. Adams. At his mine at Orland a crew is engaged in sinking and at the 200 foot level a pump station will be installed.

Tom Keating lost his eight cord pile of wood when a brush and grass fire that he was tending, broke away from him and consumed the whole pile in a short time. Neighbors offered condolences.

The Deerwood waterworks bonds of \$15,000 bearing five per cent interest have been sold to the Duluth Securities company and in a short time work will be commenced on the mains, the tank and the station.

Forest fires near Loerch destroyed several houses, one said to be owned by a Mr. Hegstead of Brainerd.

John H. Smith, national bank examiner, visited Deerwood Wednesday.

The Hamlet lake Sunday school meets every Sunday afternoon at two o'clock. Olaf Skau teaches the Norwegian class and F. Peterson the Swedish class.

Dr. E. K. Copper, of Duluth, presiding elder of the Methodist church, visited Deerwood Wednesday.

A good roads meeting has been called at Hilyar's hall May 6, and Charles A. Forbes of St. Paul, will deliver an address. A good roads organization will be formed.

For Burns, Bruises and Sores

The quickest and surest cure for burns, bruises, boils, sores, inflammation and all skin diseases is Bucklen's Arnica Salve. In four days it cured L. H. Haffin, of Iredell, Tex., of a sore on his ankle which pained him so he could hardly walk. Should be in every house. Only 25c. Recommended by H. P. Dunn—Adv't. its

YOU'LL WANT IT ALL THE TIME

Once you have tasted the delicious nut-like flavor of "Minnesota" Macaroni, you will want to eat it every day. There has never been any macaroni like it before—none so firm, so nutritious and so flavorful.

"Minnesota" Macaroni is one of the best and most nourishing foods known—yet it costs only about one cent a dish. Serve it at least twice a week in place of meat. You will save money and your family will enjoy better health.

"Minnesota" Macaroni is especially fine for children—it builds strong bodies and does not overload the stomach.

Try the handy "Minnesota" Cut Macaroni, which is cut into uniform pieces—it cooks more evenly and is quicker to prepare.—Adv't.

Application for Transfer of Liquor License

To the Council of the City of Brainerd, Minnesota:

The undersigned, H. E. Carlson, hereby makes application to transfer her license to sell intoxicating liquors, at, upon and in the room and premises described as follows, to-wit: No. 502 Laurel street, on the ground floor, in the City of Brainerd, from May 20th, 1913, until October 21st, 1913, to George Anderson and Frank Bedarf, No. 502 Laurel street, ground floor.

Dated April 25, 1913.

(Signed) H. E. CARLSON.
Said transferee has been licensed to sell intoxicating liquors in the city of Brainerd from May 21st, 1912 to May 21st, 1913.

Notice is hereby given that a hearing on the above application will be had on May 19th, 1913, at 8:00 o'clock p. m. at a regular meeting of the City Council of the City of Brainerd.

Dated April 26, 1913.

V. N. RODERICK,
City Clerk.

CHRIST ASCENDED AS HE DESCENDED

We Have Erred In Supposing His Flesh Ascended.

Pastor Russell Says the Logos Descended—He Was Made Flesh—Humbled Even Unto Death, Sheol, Hades. He Was Raised From the Dead a Spirit Being—He Ascended as He Descended—Jesus a Quickening Spirit Ascended to Glory, Honor and Immortality—What He Left and More Added Glory.

(PASTOR RUSSELL)

Detroit, Mich., May 4.—Pastor Russell gave two addresses here today. We report the one on Christ's Ascension. His text was: "Thou hast ascended on High, Thou hast led captivity captive: Thou hast received gifts for men: yea, for the rebellious also, that the Lord God might dwell among them."—Psalm 68:18.

Pastor Russell declared that one of the serious errors engrafted into the Christian faith is the supposition that Jesus is still a man. This wrong thought prevails especially amongst Premillenarians, and helps to turn many away from faith in the premillennial coming of Christ for the blessing of all the world. Many Christians perceive that a reign of Christ in the flesh would be inferior to a spiritual reign. Hence the general rejection of faith in the Second Coming of Christ and the establishment of His Kingdom.

He showed that all Christians firmly believe that Jesus was a spirit being before He came into the world. All believe that a spirit being is of a higher order than a human being, and that Jesus made a great stoop when He laid aside the glory of His prehuman condition to become "the Man Christ Jesus." Man is "a little lower than angels," even in his perfection.

The Pastor declared that surely no Bible student supposes that the Heavenly Father had permanently degraded His Son from a station higher than angels to one below them. Yet many Christians profess to believe this very thing. The ascension of Christ is claimed to prove it. How absurd to suppose that our Lord Jesus, accustomed to spirit conditions, and made flesh for a short period, could be otherwise than discommoded and seriously dishonored by the Father. If He has a body of flesh!

Ascends Where He Was Before.

Mistaken views respecting the word ascend have helped to confuse us. St. Paul, explaining our text, shows that the ascension of Jesus is to be considered in conjunction with His descending. (Ephesians 4:8-11.) He that ascended is the same that descended, thirty-four years before. Did the descending have reference to the kind of body? Surely not! Then the ascending has no reference to the kind of body.

The descending signified the humiliation, the leaving of spiritual glory, to be born of the flesh. The life of the Logos was transferred from the spirit body to the body of the babe, that He might become "the Man Christ Jesus."

Similarly, the begetting of the Holy Spirit came to Jesus at His baptism, and for three and a half years it constituted Him a spiritual Priest, whose work was to "offer Himself." That offering ended at Calvary. When on the third day, the Father raised Him from the dead, it was the Priest who was raised to glory, honor and immortality—not the sacrificed human body. As it is written, "A body hast Thou prepared Me for the suffering of death." Jesus' sacrifice was finished at Calvary, as He said. He died no more, and therefore has no further use for the body of flesh. What became of it, the Pastor would not undertake to say. It was not seen in the tomb. But the soul, not the body, was raised to life. "Thou wilt not leave My soul in Sheol"—Hades—the tomb.

Why a Body of Flesh Was Used.

We must remember two things, said the Pastor. Followers of Jesus were required to have full faith: (1) That Jesus was the Logos, who had descended from the spirit plane to the human. (2) That He had died sacrificially, and that God raised Him from the dead.

Unless these two points were fully established, they could not continue as Jesus' disciples, acceptable with the Father, and capable of receiving the Holy Spirit. But they could not receive spiritual things until after the spirit-begetting at Pentecost. Hence their instructions must be along earthly lines.

If after His resurrection, Jesus had appeared to them as He did to Saul of Tarsus, what proof would they have that it was the same Jesus who had died? How could the Message of His resurrection and ascension have been conveyed to their minds? Some ocular demonstration was necessary to constitute a basis for faith. Therefore our Lord demonstrated to His disciples the fact that a great change had taken place.

The disciples were children in the School of Christ, learning a great lesson. To have crowded all lessons upon them at once would have been injurious. So Jesus had said. See John 16:12, 13.

The History of the Key.

The key was one of the first things invented by man. The primitive key was probably a thorn or a splinter. Afterward fishbones seem to have come into use. Wooden pegs followed these. In modern times the process of manufacturing keys is very highly developed. Fifty years ago there were only some hundred varieties of keys, each having its special name and distinct use. Today they are legion.—Harper's Weekly.
